# SUBJECT INDEX TO VOLUME 105

(E) = editorial (ab) = abstract

Abdominal aorta, calcification of, and osteoporosis of lumbar vertebrae in women living in Durban (ab), 478
stab wounds, injection of hypaque (sodium diatrizoate) in management of (ab), 476
Adenocarcinoma of endometrium, combination of external irradiation and curietherapy used preoperatively in, 586
of uterus, 603
Afterloading, vaginal ovoids, 609
Air, significance of, in biliary system and liver (ab), 716
Alcohol, aspirin, and gastrointestinal bleeding (ab), 934
American Radium Society, Fifty-first Annual Meeting of (E), 208
preliminary program, 212
Ampulla of Vater and chronic pancreatitis, significance of intravenous cholangiography associated with duodenography in study of (ab), 239
Amyloidosis and juvenile rheumatoid arthritis, extensive vascular calcification in association with (ab), 718
of bronchus resembling carcinoma (ab), 713
Aneurysm, left ventricular, surgical treatment of, experience with excision of postinfarction lesions in 80 patients (ab), 933
Aneurysms of superficial temporal artery, 331
posterior fossa, presenting as mass lesions, 334
Angiocardiography, effect of, on fluid and electrolyte balance, 777
Angiographic and catheterization findings in patients with difficulties after total correction of tetralogy of Fallot (ab), 235
appearance, unusual, of cerebral arteriovenous malformations, 326
demonstration of coarctation of aorta and similar anomalies (ab), 932
manifestations of Wilms' tumor; observation of six cases, 95
sign of persistent ductus arteriosus (ab), 720
Angiography and nephrotomography, role of: renal tuberculosis (ab), 241
and scintigraphy, comparison of findings by, in pulmonary pathology (ab), 235
contrast-vasoconstrictor mixtures in, 772
selective superior mesenteric, leiomyosarcoma of small bowel demonstrated by (ab), 715
Antrum, maxillary, lamina dura (L. D.) of: its value in roentgen diagnosis, 830
Aorta, coarctation of, and similar anomalies, angiographic demonstration of (ab), 932
Appendiceal disease, acute, use of barium in diagnosis of: new radiological sign (ab), 715
Arachnoid cysts, congenital, 298
Arterial hypertension, renal, excretory urogram in (ab), 242
Arteriography, coronary, in hypercholesterolemic patients, 784
counter-current, addition to technique of (ab), 247
renal, and isotope renography in evaluation of renal transplants, 682
selective bronchial, in demonstration of abnormal systemic circulation in lung (ab), 714
Arteriovenous, cerebral, malformations, unusual angiographic appearance of, 326
malformation, congenital, of foot, 877
Arthritis, juvenile rheumatoid, and amyloidosis, extensive vascular calcification in association with (ab), 718
spontaneous axial subluxation in child as first sign of (ab), 718
Arthur C. Singleton, M.D., 1900–1968 (E), 210
Asbestos, effects of, in dockyard workers (ab), 234
Aspirin, alcohol, and gastrointestinal bleeding (ab), 934
Atherosclerotic stenosis, transluminal dilatation of (ab), 246
Atomic bombings of Hiroshima and Nagasaki, breast cancer after exposure to (ab), 484
Aubrey Otis Hampton lecture, 1968; lung: challenge of nuclear medicine, 251
A.U.R., winds of change pass over (E), 919
Autotomography applied to pharynx and dens; simple wand for technique, 359
Axis, foramen transversarium, roentgenographic examination of; practical considerations, 361
Azygography, pre and postirradiation: its value in determining surgical resectability in pulmonary carcinoma, 83

Barium, use of, in diagnosis of acute appendiceal disease; new radiological sign (ab), 715
Beam therapy, external, radiation induced neoplasia following, for children with retinoblastoma, 529
Biliary system and liver, significance of air in (ab), 716
Biopsy, stereotaxic transsphenoidal, and cryosurgery of pituitary tumors, 273
Bladder, bilharzial contracted, treated by ileocystoplasty (ab), 935
Blood, effect of parabens on permeability of: brain barrier to water-soluble radiopaque media, 404

# SUBJECT INDEX TO VOLUME 105

(E) = editorial (ab) = abstract

Abdominal aorta, calcification of, and osteoporosis of lumbar vertebrae in women living in Durban (ab), 478
stab wounds, injection of hypaque (sodium diatrizoate) in management of (ab), 476
Adenocarcinoma of endometrium, combination of external irradiation and curietherapy used preoperatively in, 586
of uterus, 603
Afterloading, vaginal ovoids, 609
Air, significance of, in biliary system and liver (ab), 716
Alcohol, aspirin, and gastrointestinal bleeding (ab), 934
American Radium Society, Fifty-first Annual Meeting of (E), 208
preliminary program, 212
Ampulla of Vater and chronic pancreatitis, significance of intravenous cholangiography associated with duodenography in study of (ab), 239
Amyloidosis and juvenile rheumatoid arthritis, extensive vascular calcification in association with (ab), 718
of bronchus resembling carcinoma (ab), 713
Aneurysm, left ventricular, surgical treatment of, experience with excision of postinfarction lesions in 80 patients (ab), 933
Aneurysms of superficial temporal artery, 331
posterior fossa, presenting as mass lesions, 334
Angiocardiography, effect of, on fluid and electrolyte balance, 777
Angiographic and catheterization findings in patients with difficulties after total correction of tetralogy of Fallot (ab), 235
appearance, unusual, of cerebral arteriovenous malformations, 326
demonstration of coarctation of aorta and similar anomalies (ab), 932
manifestations of Wilms' tumor; observation of six cases, 95
sign of persistent ductus arteriosus (ab), 720
Angiography and nephrotomography, role of: renal tuberculosis (ab), 241
and scintigraphy, comparison of findings by, in pulmonary pathology (ab), 235
contrast-vasoconstrictor mixtures in, 772
selective superior mesenteric, leiomyosarcoma of small bowel demonstrated by (ab), 715
Antrum, maxillary, lamina dura (L. D.) of: its value in roentgen diagnosis, 830
Aorta, coarctation of, and similar anomalies, angiographic demonstration of (ab), 932
Appendiceal disease, acute, use of barium in diagnosis of: new radiological sign (ab), 715
Arachnoid cysts, congenital, 298
Arterial hypertension, renal, excretory urogram in (ab), 242
Arteriography, coronary, in hypercholesterolemic patients, 784
counter-current, addition to technique of (ab), 247
renal, and isotope renography in evaluation of renal transplants, 682
selective bronchial, in demonstration of abnormal systemic circulation in lung (ab), 714
Arteriovenous, cerebral, malformations, unusual angiographic appearance of, 326
malformation, congenital, of foot, 877
Arthritis, juvenile rheumatoid, and amyloidosis, extensive vascular calcification in association with (ab), 718
spontaneous axial subluxation in child as first sign of (ab), 718
Arthur C. Singleton, M.D., 1900–1968 (E), 210
Asbestos, effects of, in dockyard workers (ab), 234
Aspirin, alcohol, and gastrointestinal bleeding (ab), 934
Atherosclerotic stenosis, transluminal dilatation of (ab), 246
Atomic bombings of Hiroshima and Nagasaki, breast cancer after exposure to (ab), 484
Aubrey Otis Hampton lecture, 1968; lung: challenge of nuclear medicine, 251
A.U.R., winds of change pass over (E), 919
Autotomography applied to pharynx and dens; simple wand for technique, 359
Axis, foramen transversarium, roentgenographic examination of; practical considerations, 361
Azygography, pre and postirradiation: its value in determining surgical resectability in pulmonary carcinoma, 83

Barium, use of, in diagnosis of acute appendiceal disease; new radiological sign (ab), 715
Beam therapy, external, radiation induced neoplasia following, for children with retinoblastoma, 529
Biliary system and liver, significance of air in (ab), 716
Biopsy, stereotaxic transsphenoidal, and cryosurgery of pituitary tumors, 273
Bladder, bilharzial contracted, treated by ileocystoplasty (ab), 935
Blood, effect of parabens on permeability of: brain barrier to water-soluble radiopaque media, 404

Bone, calvarial, defects in neurofibromatosis; case report, 319
density, roentgenographic, use of digital computer in measurement of, 870
effect of direct current on (ab), 244
necrosis in joint disease (ab), 480
scans, radioisotope, response to radiation therapy of osseous lesions detected on, 137
some features of Paget's disease of, studied by stain historadiography (ab), 478
temporal, in Paget's disease, tomography of, 838
Book Reviews:
Radiographic Positioning and Related Anatomy. By Isadore Meschan, with assistance of R. M. F. Farrer-Meschan, 220
Surgical and Allied Malpractice. By Bernard J. Ficarra, 462
Physical and Photographic Principles of Medical Radiography. By Herman E. Seemann, 462
The Human Bronchial Circulation in Health and Disease. By Leon Cudkowicz, 703
Bowel, evisceration of, through vagina following irradiation for cervical carcinoma: report of first known cases (ab), 483
perforation of, in newborn as complication of exchange transfusion (ab), 715
small, leiomyosarcoma of, demonstrated by selective superior mesenteric angiography (ab), 715
spontaneous perforation of, in newborn following exchange transfusion (ab), 476
Brachial plexus, roentgen findings in obstetrical injuries to (ab), 240
Brain barrier to water-soluble radiopaque media: effect of parabens on permeability of blood, 404
lipid embolism to, following lymphography; case report and experimental study, 763
scanning, serial, with technetium 99m pertechnetate in cerebral infarction, 728
tumors, scintigraphy with $^{203}Hg$ and $^{99m}Tc$ in diagnosis of (ab), 473
Breast cancer after exposure to atomic bombings of Hiroshima and Nagasaki (ab), 484
cancer, complications and toxic manifestations of surgical adjuvant chemotherapy for (ab), 937
lesions, modified technique of ultrasonography for detection and differential diagnosis of, 446
Breathing, oxygen, and radiation therapy, changing perspectives in, 665
Bronchial arteriography, selective, in demonstration of abnormal systematic circulation in lung (ab), 714
Bronchography, changes in regional pulmonary function following (ab), 933
Bronchopulmonary dysplasia: radiographic features of pulmonary oxygen toxicity in newborn (ab), 234
Bronchus, amyloidosis of, resembling carcinoma (ab), 713
B-scan ultrasound exploration of neoplastic disease, 428
Bullosa, dystrophic epidermolysis; tolerance of bed and response of multifocal squamous cell carcinomas to ionizing radiation: report of case, 644
"Burkitt type" lymphoma, radiographic findings in (ab), 936

Calcification, extensive vascular, in association with juvenile rheumatoid arthritis and amyloidosis (ab), 718
of abdominal aorta and osteoporosis of lumbar vertebrae in women living in Durban (ab), 478
of posterior longitudinal ligament: cause of cervical myelopathy, 365
triangular cartilage, in wrists: its incidence in elderly persons, 850
Calculi of choledochus, radiologic findings in (ab), 476
Calvarial bone defects in neurofibromatosis; case report, 319
"doughnut lesion": previously undescribed entity, 314
Calyceal dilatation, isolated upper pole, significance of (ab), 717
Cancer, advanced, of head and neck, combined intra-arterial infusion and radiotherapy for treatment of, 20
breast, after exposure to atomic bombings of Hiroshima and Nagasaki (ab), 484
breast, complications and toxic manifestations of surgical adjuvant chemotherapy for (ab), 937
cell, HeLa, patterns of protein synthesis in, 746
early, of uterine cervix, simple modification of Stockholm applicator for treatment of, 115
esophageal, value of radiotherapy in management of (ab), 500
mammary, use of gamma camera for early detection of osseous metastases from (ab), 245
of base of tongue; 116 patients treated radiotherapeutically in 11 year period 1952 through 1962, 26
of corpus uteri, recurrent; techniques and results of treatment, 596
of esophagus, some opinions on treatment of, 514
of eye and surrounding structures, treated with radiation therapy, long time survivals of patients with, 566
of thoracic esophagus, surgical and radiation treatment of, 523

services, centralization of,—how far should it go? Janeway lecture, 1968, 487
Candida esophagitis (ab), 712
Carcinoma, amyloidosis of bronchus resembling (ab), 713
cervical, evisceration of bowel through vagina following irradiation for: report of first known case (ab), 483
of anterior nasal cavity, radiation therapy of, 550
of cervix, evaluation of Manchester system of treatment of, 579
of endometrium, progestogens in treatment of (ab), 250
of ovary, role of preoperative irradiation in treatment of, 614
of uterine cervix, new rectal dosimetry catheter for use in radiation therapy of, 120
pulmonary, its value in determining surgical resectability in: pre and postirradiation azygography, 83
uterine, radium dosage patterns in treatment of, 110
Carcinomas, multifocal squamous cell, tolerance of bed and response of, to ionizing radiation; dystrophic epidermolysis bullosa: report of case, 644
Carpal-tunnel syndrome, pseudogout, and hyperparathyroidism: case report (ab), 719
Cartilage, triangular, calcification in wrists: its incidence in elderly persons, 850
Cartilaginous tumors of base of skull, 308
Catheter, detached intravascular, or guide wire fragments, recovery of; proposed method, 894
new rectal dosimetry, for use in radiation therapy of carcinoma of uterine cervix, 120
Catheterization and angiographic findings in patients with difficulties after total correction of tetralogy of Fallot (ab), 235
selective third ventricular, for pantopaque ventriculography, 348
Cell cycle *in vivo*, radiation response in relation to, 734
Cerebral arteriovenous malformations, unusual angiographic appearance of, 326
infarction, serial brain scanning with technetium 99m pertechnetate in, 728
Cerebrospinal fluid formation, roentgenologic studies of, in dog, 756
rhinorrhea studied with gamma scintillation camera (ab), 483
Cerebrovascular diseases, occlusive, thermography in (ab), 231
Cervical carcinoma, evisceration of bowel through vagina following irradiation for: report of first known case (ab), 483
lymph node metastasis, management of, by megavoltage radiotherapy, 74
myelopathy, cause of: calcification of posterior longitudinal ligament, 365
spine, neurologic complications of Paget's disease, 375
spondylosis, roentgenographic correlations in, 370
Cervix, carcinoma of, evaluation of Manchester system of treatment of, 579
uterine, carcinoma of, new rectal dosimetry catheter for use in radiation therapy of, 120
uterine, early cancer of, simple modification of Stockholm applicator for treatment of, 115
Child and young adult, acquired spondylolysis in: report of two cases (ab), 719
irradiated, osteosarcoma in—case report (ab), 479
spontaneous axial subluxation in, as first sign of juvenile rheumatoid arthritis (ab), 718
Childhood, surgical management of solid tumors in, 105
Children, idiopathic pulmonary hemosiderosis in (ab), 232
treatment and prognosis of medulloblastoma in; study of 82 verified cases, 43
with retinoblastoma, radiation induced neoplasia following external beam therapy for, 529
Cholangiography, drip infusion (ab), 238
intravenous, associated with duodenography, significance of, in study of ampulla of Vater and chronic pancreatitis (ab), 239
percutaneous transhepatic: study of 115 cases (ab), 239
Choledocus, calculi of, radiologic findings in (ab), 476
Chordoma, unusual manifestation of: report of two cases (ab), 717
Clavicle, congenital pseudoarthrosis of (ab), 718
Cobalt 60 rotational therapy, dosimetric considerations in, for esophageal lesions; comparison of transit and intraluminal dose measurement, 518
Coccidioides immitis, solitary pulmonary lesion due to (ab), 474
Coccidioidomycosis, pulmonary (ab), 474
Colchicine, mechanism of vitamin $B_{12}$ malabsorption in patients receiving (ab), 237
Colonic perforation after exchange transfusion (ab), 716
Computer, digital, use of, in measurement of roentgenographic bone density, 870
dosimetry, clinical application of, in interstitial radium therapy, 165
Containers, radium, plugging of leaks in, 689
Contrast-vasoconstrictor mixtures in angiography, 772

Coronary arteriography in hypercholesterolemic patients, 784
Corpus uteri, cancer of, recurrent; techniques and results of treatment, 596
Cryosurgery and stereotaxic transsphenoidal biopsy of pituitary tumors, 273
Curietherapy and external irradiation, combination of, used preoperatively in adenocarcinoma of endometrium, 586
Cystitis, hemorrhagic radiation (ab), 482
Cystourethrography in University Hospital of West Indies (ab), 243
Cysts, congenital arachnoid, 298
post-traumatic leptomeningeal, 305
suprasellar subarachnoid; radioclinical features, 291

Dactinomycin therapy, single *versus* multiple dose, of Wilms' tumor (ab), 249
Dens and pharynx, autotomography applied to; simple wand for technique, 359
Dermoids and epidermoids, intraspinal, 386
Diabetic osteopathy, roentgen observations in (ab), 248
Diabetics, evaluation of peripheral circulation in, by means of modified radioisotopic technic (ab), 248
Diaphragm, traumatic rupture of, after blunt injury (ab), 236
Disease, malignant, of facial structures, interstitial radiation in management of, 14
Dosimetric and biologic problems posed by electron beam therapy, 178
considerations in cobalt 60 rotational therapy for esophageal lesions; comparison of transit and intraluminal dose measurements, 518
problem, technique and no.. on: roentgencinevideography (ab), 476
Dosimetry catheter, rectal, new, for use in radiation therapy of carcinoma of uterine cervix, 120
computer, clinical application of, in interstitial radium therapy, 165
telecobalt split field; with special reference to central penumbral isodose separation, 152
"Doughnut lesion," calvarial: previously undescribed entity, 314
Ductus arteriosus, persistent, angiographic sign of (ab), 720
Duodenography, significance of intravenous cholangiography associated with, in study of ampulla of Vater and chronic pancreatitis (ab), 239
Dyschondrosteosis, familial, new observation of (ab), 479
Dysostosis, epiphyseal, 860
Dystrophic epidermolysis bullosa; tolerance of bed and response of multifocal squamous cell carcinomas to ionizing radiation: report of case, 644

Echoencephalography in management of patients receiving radiation therapy (ab), 249
Echographic diagnosis of retroperitoneal lymph node enlargement; ultrasound scanning technique and diagnostic findings, 438
Echography, who should do? (E), 454
Editorials:
The Fifty-first Annual Meeting of the American Radium Society, 208
Arthur C. Singleton, M.D., 1900–1968, 210
Who Should Do Echography?, 454
W. Walter Wasson, M.D., 1884–1968, 456
The Reynolds Historical Library, 699
Winds of Change Pass Over the A. U. R., 919
Palmer E. Wigby, M.D., 1903–1968, 921
Electrode placement technics in electroencephalography, role of neuroroentgenology in (ab), 231
Electroencephalography, role of neuroroentgenology in electrode placement technics in (ab), 231
Electrolyte and fluid balance, effect of angiocardiography on, 777
Electron beam, 6–18 mev., current techniques with, 172
therapy, dosimetric and biologic problems posed by, 178
Embolism, lipid, to brain following lymphography; case report and experimental study, 763
Emphysema, (lobar), congenital and localized (ab), 473
Endometrium, adenocarcinoma of, combination of external irradiation and curietherapy used preoperatively in, 586
carcinoma of, progestogens in treatment of (ab), 250
Energy, low, and long half-life radiation sources, permanent interstitial therapy using, 157
Epidermoids and dermoids, intraspinal, 386
Epidermolysis bullosa, dystrophic; tolerance of bed and response of multifocal squamous cell carcinomas to ionizing radiation: report of case, 644
Epidural spinal hemorrhage, spontaneous, 383
Epiphyseal dysostosis, 860
Epithelium, small intestinal, of dogs, enhancement of x-ray effects on, by Actinomycin D, 126
Esophageal cancer, value of radiotherapy in management of, 500
lesions, dosimetric considerations in cobalt 60 rotational therapy for; comparison of transit and intraluminal dose measurements, 518
Esophagitis, *Candida* (ab), 712
Esophagus and pharynx, evaluation of radiopacity

of various ingested foreign bodies in (ab), 713
cancer of, some opinions on treatment of, 514
smooth-muscle tumors of (ab), 236
thoracic, cancer of, surgical and radiation treatment of, 523
Extravasates with intravenous urography (ab), 241
Eye and surrounding structures, cancer of, treated with radiation therapy, long time survivals of patients with, 566

Facial structures, interstitial radiation in management of malignant disease of, 14
Fahr's disease, idiopathic familial cerebrovascular ferrocalcinosis, and review of differential diagnosis of intracranial calcification in children, 352
Fetal death, radiologic diagnosis of (ab), 240
Fifty-first Annual Meeting of American Radium Society (E), 208
preliminary program, 212
Fluid and electrolyte balance, effect of angiocardiography on, 777
formation, cerebrospinal, roentgenologic studies of, in dog, 756
Foot, congenital arteriovenous malformation of, 877
Foramen tranversarium of axis, roentgenographic examination of, practical considerations, 361
Foreign bodies, various ingested, in pharynx and esophagus, evaluation of radiopacity of (ab), 713
Fractures, seat belt: report of two cases (ab), 244
Friedländer's bacilli, radiologic findings in pneumonia caused by; as noted in 62 cases (ab), 232

Gamma camera, use of, for early detection of osseous metastases from mammary cancer (ab), 245
labeled active-site-directed enzyme inhibitor: $^{131}$I-3′-iodoaminopterin (ab), 484
scintillation camera, cerebrospinal fluid rhinorrhea studied with (ab), 483
Gastric filling defects, small, significance of (ab), 475
Gastrointestinal bleeding, alcohol, and aspirin (ab), 934
Gastropathy, radiologic appearance of, with giant plicae (Ménétrier's disease) (ab), 475
Genetic counseling and physician (ab), 484
Girls, correlation of urethral resistance and shape in (ab), 936
Glioblastomas, vascular structures of, 795
Goldenhar's syndrome (oculoauriculovertebral dysplasia), roentgenological aspects of (ab), 230
Guide wire fragments, recovery of detached intravascular catheter or; proposed method, 894

Hands, study of inter- and intra-observer error in reading plain roentgenograms of; "to err is human," 853
Head and neck, combined intra-arterial infusion and radiotherapy for treatment of advanced cancer of, 20
and neck, neoplasms of radiosensitizer in treatment of: hydroxyurea, 555
injury, severe, preliminary observations of external hydrocephalus after (ab), 932
HeLa cancer cell, patterns of protein synthesis in, 746
Hemorrhage, spontaneous epidural spinal, 383
Hip, vitallium mold arthroplasty of, roentgenologic and clinical evaluation of (ab), 481
Historadiography, stain, some features of Paget's disease of bone studied by (ab), 478
Hodgkin's disease and other malignant lymphomas, clinical course of, treated with radical radiation therapy, 618
basis for segmental sequential irradiation in: extended *vs.* local fields in radiocurability of SJL/J mouse Hodgkin's-like reticulum cell sarcoma, 806; clinical experience of patterns of recurrence, 814
curative treatment of, 629
Hyaline-membrane, clinical, residual pulmonary findings in (ab), 473
Hydatidiform mole, use of hysterography in detection of, 885
Hydrocephalus, external, preliminary observations of, after severe head injury (ab), 932
primary congenital: long term results of controlled therapeutic trial (ab), 712
Hydroxyurea: radiosensitizer in treatment of neoplasms of head and neck, 555
Hyoid apparatus, roentgenologic consideration of, 63
Hypaque (sodium diatrizoate), injection of, in management of abdominal stab wounds (ab), 476
Hypercholesterolemic patients, coronary arteriography in, 784
Hyperparathyroidism, primary, modern research on (ab), 479
pseudogout, and carpal-tunnel syndrome: case report (ab), 719
Hyperphosphatasia, congenital: clinical, pathological, and biochemical study of two cases (ab), 480
Hypo-hyperparathyroidism (ab), 244
Hypophosphatemia, adult nonfamilial, with severe osteomalacia, metabolic and orthopedic treatment of case of (ab), 245

Hysterography, use of, in detection of hydatidiform mole, 885

$^{131}$I-3′-iodoaminopterin: gamma labeled active-site-directed enzyme inhibitor (ab), 484
-hippuran, rapid sequential kidney scanning with (ab), 717
Iatrogenic afferent-loop syndrome (ab), 934
ICRU, International Commission on Radiation Units and Measurements, 215
Idiopathic familial cerebrovascular ferrocalcinosis (Fahr's disease) and review of differential diagnosis of intracranial calcification in children, 352
Ileocystoplasty, bilharzial contracted bladder treated by (ab), 935
Image enlargement scale for stereotactic surgery, 270
Independent radiation monitor (I.R.M.), 900
Infection with Mycoplasma pneumonia, clinical aspects of (ab), 933
Inferior vena cava and renal veins, thrombosis of, complicating lupus nephritis (ab), 477
International Commission on Radiation Units and Measurements (ICRU), 215
Interstitial radium therapy, clinical application of computer dosimetry in, 165
therapy, permanent, using low energy and long half-life radiation sources, 157
Intra-arterial infusion and radiotherapy, combined, for treatment of advanced cancer of head and neck, 20
Intracranial calcification, review of differential diagnosis of, and idiopathic familial cerebrovascular ferrocalcinosis (Fahr's disease), in children, 352
Ionization chamber, modulation transfer functions of, 185
I.R.M., independent radiation monitor, 900
Irradiation, basis for segmental sequential, in Hodgkin's disease: extended *vs.* local fields in radiocurability of SJL/J mouse Hodgkin's-like reticulum cell sarcoma, 806; clinical experience of patterns of recurrence, 814
external, and curietherapy, combination of, used preoperatively in adenocarcinoma of endometrium, 586
preoperative, role of, in treatment of carcinoma of ovary, 614
Isotope renography and renal arteriography in evaluation of renal transplants, 682
Isotopes, radioactive, skin exposure from handling syringes containing, 897

Janeway lecture, 1968; centralization of cancer services—how far should it go?, 487
Jejunal morphological characteristics in South Vietnamese residents: preliminary report (ab), 714

Joint disease, bone necrosis in (ab), 480

Kidney, medullary sponge, polycystic renal disease presenting as (ab), 240
scanning, rapid sequential, with $^{131}$I-hippuran (ab), 717

Lamina dura (L. D.) of maxillary antrum: its value in roentgen diagnosis, 830
Larynx, immature rabbit, effects of ionizing radiation upon, 791
Leaks, plugging of, in radium containers, 689
Leiomyosarcoma of small bowel demonstrated by selective superior mesenteric angiography (ab), 715
Leptomeningeal cysts, post-traumatic, 305
Leukemia, plasma cell, spontaneous rupture of spleen in (ab), 716
Library, Reynolds Historical (E), 699
Ligament, posterior longitudinal, calcification of: cause of cervical myelopathy, 365
Light analog system for radiotherapy planning, 648
Liver and biliary system, significance of air in (ab), 716
transplantation, experimental and clinical orthotopic, radioisotope scanning in (ab), 237
"Local tumor extent-time," influence of relationship, upon evolution of tumors of nasopharynx, 536
Lumbar vertebrae, osteoporosis of, and calcification of abdominal aorta in women living in Durban (ab), 478
Lung: challenge of nuclear medicine; Aubrey Otis Hampton lecture, 1968, 251
selective bronchial arteriography in demonstration of abnormal systemic circulation in (ab), 714
Lupus nephritis, thrombosis of renal veins and inferior vena cava complicating (ab), 477
Lymph node, cervical, metastasis, management of, by megavoltage radiotherapy, 74
retroperitoneal, enlargement, echographic diagnosis of; ultrasound scanning technique and diagnostic findings, 438
Lymphography, lipid embolism to brain following; case report and experimental study, 763
mediastinal (ab), 482
Lymphoma, "Burkitt type," radiographic findings in (ab), 936
Lymphomas, malignant, clinical course of Hodgkin's disease and other, treated with radical radiation therapy, 618

Malaria, falciparum, acute pulmonary edema in: clinicopathological correlation (ab), 233
Malignant neoplasm, $^{99m}$Tc pertechnetate scintiphotography as diagnostic and follow-up

aids in major vascular obstruction due to (ab), 247
Mammary cancer, use of gamma camera for early detection of osseous metastases from (ab), 245
Mammographic technique: need for routine spot roentgenograms, 880
Manchester system of treatment of carcinoma of cervix, evaluation of, 579
Maxillary antrum, lamina dura (L. D.) of: its value on roentgen diagnosis, 830
Medulloblastoma, treatment and prognosis of, in children; study of 82 verified cases, 43
twenty years' experience with radiation therapy of, 37
Megacolon, toxic (ab), 715
Megavoltage radiotherapy, management of cervical lymph node metastasis by, 74
Melorheostosis: report of clinical, roentgenographic, and pathological findings in fourteen cases (ab), 478
Ménétrier's disease, radiologic appearance of gastropathy with giant plicae (ab), 475
Meningocele, occult intrasacral, 390
Metastasis, cervical lymph node, management of, by megavoltage radiotherapy, 74
Mole, hydatidiform, use of hysterography in detection of, 885
Monitor, independent radiation, (I.R.M.), 900
Mycoplasma pneumonia, clinical aspects of infection with (ab), 933
Myelographic table, simple biplane, 411

Nasal cavity, anterior, radiation therapy of carcinoma of, 550
Nasopharynx, influence of relationship "local tumor extent-time" upon evolution of tumors of, 536
Neck and head, combined intra-arterial infusion and radiotherapy for treatment of advanced cancer of, 20
Necrosis, aseptic, following renal transplantation (ab), 935
Neoplasia, radiation induced, following external beam therapy for children with retinoblastoma, 529
Neoplastic disease, B-scan ultrasound exploration of, 428
Nephrotomography and angiography, role of: renal tuberculosis (ab), 241
Neurofibromatosis, calvarial bone defects in; case report, 319
Newborn, perforation of bowel in, as complication of exchange transfusion (ab), 715
radiographic features of pulmonary oxygen toxicity in; bronchopulmonary dysplasia (ab), 234
radioisotope renography in assessment of renal function in (ab), 242
spontaneous perforation of bowel in, following exchange transfusion (ab), 476
Nuclear medicine, challenge of: lung; Aubrey Otis Hampton lecture, 1968, 251

Obstetrical injuries to brachial plexus, roentgen findings in (ab), 240
Osseous lesions, response to radiation therapy of, detected on radioisotope bone scans, 137
Osteogenesis imperfecta, pathogenesis of (ab), 477
Osteomalacia, severe, metabolic and orthopedic treatment of case of adult nonfamilial hypophosphatemia with (ab), 245
Osteopathy, diabetic, roentgen observations in (ab), 248
Osteoporosis of lumbar vertebrae and calcification of abdominal aorta in women living in Durban (ab), 478
Osteosarcoma, histological and radiographical classification of, in relation to therapy: review of 245 cases located in extremities (ab), 482
in an irradiated child—case report (ab), 479
parosteal, 142
Ovary, carcinoma of, role of preoperative irradiation in treatment of, 614
Oxygen breathing and radiation therapy, changing perspectives in, 665

Paget's disease in cervical spine, neurologic complications of, 375
of bone, some features of, studied by stain historadiography (ab), 478
tomography of temporal bone in, 838
Palmer E. Wigby, M.D., 1903–1968 (E), 921
Pancreatitis, chronic, and ampulla of Vater, significance of intravenous cholangiography associated with duodenography in study of (ab), 239
Pantopaque ventriculography, selective third ventricular catheterization for, 348
Parabens, effect of, on permeability of blood: brain barrier to water-soluble radiopaque media, 404
Parathyroid hormone and thyrocalcitonin, role of: familial pseudohypoparathyroidism (ab), 718
Parosteal osteosarcoma, 142
Pelvimetry technique, and roentgenologic rule, 890
Peripheral circulation, evaluation of, in diabetics by means of modified radioisotopic technic (ab), 248
Pharynx and dens, autotomography applied to; simple wand for technique, 359
and esophagus, evaluation of radiopacity of various ingested foreign bodies in (ab), 713

Phlebography, occlusive, significance of, in evaluation of therapeutic portocaval anastomoses (ab), 246
orbital (ab), 230
Physician and genetic counseling (ab), 484
Pineal body, calcified, localization of, on lateral roentgenograms, 287
Pituitary tumors, stereotaxic transsphenoidal biopsy and cryosurgery of, 273
Planning, radiotherapy, light analog system for, 648
Pneumonia, Mycoplasma, clinical aspects of infection with (ab), 933
radiologic findings in, caused by Friedländer's bacilli; as noted in 62 cases (ab), 232
Portocaval anastomoses, therapeutic, significance of occlusive phlebography in evaluation of (ab), 246
Posterior fossa aneurysms presenting as mass lesions, 334
fossa, vascular malformations of, including tentorial hiatus, 341
longitudinal ligament, calcification of; cause of cervical myelopathy, 365
Progestogens in treatment of carcinoma of endometrium (ab), 250
Protein synthesis, patterns of, in HeLa cancer cell, 746
Pseudoarthrosis, congenital, of clavicle (ab), 718
Pseudogout, hyperparathyroidism, and carpal-tunnel syndrome: case report (ab), 719
Pseudohypoparathyroidism, familial: role of parathyroid hormone and thyrocalcitonin (ab), 718
Pulmonary carcinoma, its value in determining surgical resectability in: pre and postirradiation azygography, 83
coccidioidomycosis (ab), 474
complications and water retention in prolonged mechanical ventilation (ab), 233
diseases, characterization of shape and location of perfusion defects in certain (ab), 474
edema, acute, in falciparum malaria: clinicopathological correlation (ab), 233
embolism, factors contributing to lowered mortality from (ab), 234
findings, residual, in clinical hyaline-membrane disease (ab), 473
function, regional, changes in, following bronchography (ab), 933
hemosiderosis, idiopathic, in children (ab), 232
lesion, solitary, due to Coccidioides immitis (ab), 474
oxygen toxicity, radiographic features of, in newborn: bronchopulmonary dysplasia (ab), 234
pathology, comparison of findings by angiography and scintigraphy in (ab), 235
Radiation induced neoplasia following external beam therapy for children with retinoblastoma, 529
injury, ultrastructural, development of, 147
interstitial, in management of malignant disease of facial structures, 14
ionizing, effects of, upon immature rabbit larynx, 791
ionizing, tolerance of bed and response of multifocal squamous cell carcinomas to; dystrophic epidermolysis bullosa: report of case, 644
long half-life, and low energy sources, permanent interstitial therapy using, 157
response in relation to cell cycle *in vivo*, 734
therapy and oxygen breathing, changing perspectives in, 665
therapy, cutaneous reactions after; report of 7 cases, 636
therapy, echoencephalography in management of patients receiving (ab), 249
therapy, long time survivals of patients with cancer of eye and surrounding structures treated with, 566
therapy of carcinoma of anterior nasal cavity, 550
therapy of medulloblastoma, twenty years' experience with, 37
therapy, radical, clinical course of Hodgkin's disease and other malignant lymphomas treated with, 618
therapy, response to, of osseous lesions detected on radioisotope bone scans, 137
tolerance of thoracic spinal cord, 659
Radical radiation therapy, clinical course of Hodgkins' disease and other malignant lymphomas treated with, 618
Radioactive isotopes, skin exposure from handling syringes containing, 897
Radioisotope bone scans, response to radiation therapy of osseous lesions detected on, 137
renal function studies in human renal allografts: value in differential diagnosis of oliguria in presence of obstructive disease with and without urinary extravasation (ab), 243
renography in assessment of renal function in newborn (ab), 242
scanning in experimental and clinical orthotopic liver transplantation (ab), 237
Radioisotopic technic, modified, evaluation of peripheral circulation in diabetics by means of (ab), 248
Radiopacity of various ingested foreign bodies in pharynx and esophagus, evaluation of (ab), 713
Radiosensitizer in treatment of neoplasms of head and neck: hydroxyurea, 555

Radiotherapy and intra-arterial infusion, combined, for treatment of advanced cancer of head and neck, 20
definitive, of primary mediastinal seminoma, 86
megavoltage, management of cervical lymph node metastasis by, 74
planning, light analog system for, 648
value of, in management of esophageal cancer, 500
Radium containers, plugging of leaks in, 689
dosage patterns in treatment of uterine carcinoma, 110
therapy, interstitial, clinical application of computer dosimetry in, 165
Reactions, cutaneous, after radiation therapy; report of 7 cases, 636
Rectal dosimetry catheter, new, for use in radiation therapy of carcinoma of uterine cervix, 120
Renal arterial hypertension, excretory urogram in (ab), 242
arteriography and isotope renography in evaluation of renal transplants, 682
disease, polycystic, presenting as medullary sponge kidney (ab), 240
function, radioisotope renography in assessment of, in newborn (ab), 242
function studies, radioisotope, in human renal allografts: value in differential diagnosis of oliguria in presence of obstructive disease with and without urinary extravasation (ab), 243
transplantation, aseptic necrosis following (ab), 935
transplants, evaluation of, isotope renography and renal arteriography in, 682
tuberculosis: role of nephrotomography and angiography (ab), 241
veins, thrombosis, and inferior vena cava complicating lupus nephritis (ab), 477
Renography, isotope, and renal arteriography in evaluation of renal transplants, 682
radioisotope, in assessment of renal function in newborn (ab), 242
Retinoblastoma, radiation induced neoplasia following external beam therapy for children with, 529
Reynolds Historical Library (E), 699
Rhinorrhea, cerebrospinal fluid, studied with gamma scintillation camera (ab), 483
Roentgencinevideography: technique and note on dosimetric problem (ab), 476
Roentgenograms, lateral, localization of calcified pineal body on, 287
plain, of hands, study of inter- and intra-observer error in reading; "to err is human," 853
routine spot, need for: mammographic technique, 880
Roentgenography, three dimensional, 903
Roentgenologic studies of cerebrospinal fluid formation in dog, 756

Sarcoidosis of skull: report of case, 322
Scale, image enlargement, for stereotactic surgery, 270
Scanning, fluorescent thyroid, 721
radioisotope, in experimental and clinical orthotopic liver transplantation (ab), 237
serial brain, with technetium 99m pertechnetate in cerebral infarction, 728
technique, ultrasound, and diagnostic findings; echographic diagnosis of retroperitoneal lymph node enlargement, 438
Scans, radioisotope bone, response to radiation therapy of osseous lesions detected on, 137
Schistosomiasis of spinal cord, 400
Scintigraphy and angiography, comparison of findings by, in pulmonary pathology (ab), 235
with $^{203}Hg$ and $^{99m}Tc$ in diagnosis of brain tumors (ab), 473
Seat belt fractures: report of two cases (ab), 244
injuries (ab), 934
Seminoma, primary mediastinal, definitive radiotherapy of, 86
Siredon mexicanum, adult, effects of partial irradiation on tail regeneration in, 196
Singleton, Arthur C., M.D., 1900–1968 (E), 210
SJL/J mouse Hodgkin's-like reticulum cell sarcoma, extended vs. local fields in radiocurability of; basis for segmental sequential irradiation in Hodgkin's disease, 806
Skin exposure from handling syringes containing radioactive isotopes, 897
Skull, base of, cartilaginous tumors of, 308
cloverleaf (ab), 473
sarcoidosis of; report of case, 322
Small intestinal epithelium of dogs, enhancement of x-ray effects on, by Actinomycin D, 126
Smith-Lemli-Opitz syndrome: case report (ab), 712
Sodium diatrizoate, hypaque, injection of, in management of abdominal stab wounds (ab), 476
Spinal cord, schistosomiasis of, 400
cord, thoracic, radiation tolerance of, 659
hemorrhage, epidural, spontaneous, 383
Spine, cervical, neurologic complications of Paget's disease in, 375
Spleen, spontaneous rupture of, in plasma cell leukemia (ab), 716
Spondylolysis, acquired, in child and young adult: report of two cases (ab), 719
cervical, roentgenographic correlations in, 370
Squamous cell carcinomas, multifocal, tolerance of bed and response of, to ionizing radiation; dystrophic epidermolysis bullosa: report of case, 644

Stereotactic surgery, image enlargement scale for, 270
precise alignment of x-ray beams for, 260
Stockholm applicator, simple modification of, for treatment of early cancer of uterine cervix, 115
Subarachnoid cysts, suprasellar; radioclinical features, 291
Subdural hematomas, ultrasonic diagnosis of, 413
Supracondylar process and its fracture, 844
Syndrome, carpal-tunnel, pseudogout, and hyperparathyroidism: case report (ab), 719
Goldenhar's (oculoauriculovertebral dysplasia), roentgenologic aspects of (ab), 230
iatrogenic afferent-loop (ab), 934
Smith-Lemli-Opitz: case report (ab), 712
Syringes containing radioactive isotopes, skin exposure from handling, 897

Table, simple biplane myelographic, 411
Tail regeneration, effects of partial irradiation on, in adult Siredon mexicanum, 196
Technetium 99m pertechnetate, serial brain scanning with, in cerebral infarction, 728
Telecobalt split field dosimetry; with special reference to central penumbral isodose separation, 152
Temporal artery, superficial, aneurysms of, 331
bone in Paget's disease, tomography of, 838
Tentorial hiatus, vascular malformations of posterior fossa including, 341
Tetralogy of Fallot, angiographic and catheterization findings in patients with difficulties after total correction of (ab), 235
Thermography in occlusive cerebrovascular disease (ab), 231
Third ventricular catheterization, selective, for pantopaque ventriculography, 348
Thoracic esophagus, cancer of, surgical and radiation treatment of, 523
spinal cord, radiation tolerance of, 659
Thrombi, arterial and venous, experimental study of recanalization of (ab), 481
Thyrocalcitonin and parathyroid hormone, role of: familial pseudohypoparathyroidism (ab), 718
Thyroid scanning, fluorescent, 721
Tomography of temporal bone in Paget's disease, 838
Tongue, cancer of base of; 116 patients treated radiotherapeutically in 11 year period 1952 through 1962, 26
Transfusion, exchange, colonic perforation after (ab), 716
perforation of bowel in newborn as complication of (ab), 715
spontaneous perforation of bowel in newborn following (ab), 476
Transplantation, renal, aseptic necrosis following (ab), 935
Transplants, renal, evaluation of, isotope renography and renal arteriography in, 682
Tuberculosis, renal: role of nephrotomography and angiography (ab), 241
Tumor, Wilms', angiographic manifestations of; observation of six cases, 95
single *versus* multiple dose dactinomycin therapy of (ab), 249
Tumors, brain, scintigraphy with $^{203}Hg$ and $^{99m}Tc$ in diagnosis of (ab), 473
cartilaginous, of base of skull, 308
of nasopharynx, influence of relationship "local tumor extent-time" upon evolution of, 536
pituitary, stereotaxic transsphenoidal biopsy and cryosurgery of, 273
solid, surgical management of, in childhood, 105
smooth-muscle, of esophagus (ab), 236

Ultrasonic diagnosis of subdural hematomas, 413
Ultrasonography, modified technique of, for detection and differential diagnosis of breast lesions, 446
Ultrasound exploration, B-scan, of neoplastic disease, 428
scanning technique and diagnostic findings; echographic diagnosis of retroperitoneal lymph node enlargement, 438
Ureteral injuries recognized after gynecologic operations (ab), 477
reflux in adults (ab), 935
Urethral resistance and shape in girls, correlation of (ab), 936
Urethrocystography (ab), 243
Urogram, excretory, in renal arterial hypertension (ab), 242
Urography, intravenous, extravasates with (ab), 241
Uterine carcinoma, radium dosage patterns in treatment of, 110
cervix, carcinoma of, new rectal dosimetry catheter for use in radiation therapy of, 120
cervix, early cancer of, simple modification of Stockholm applicator for treatment of, 115
Uterus, adenocarcinoma of, 603

Vascular malformation of posterior fossa including tentorial hiatus, 341
Ventilation, mechanical, prolonged, pulmonary complications and water retention in (ab), 233
Ventriculography, pantopaque, selective third ventricular catheterization for, 348
Vitallium mold arthroplasty of hip, roentgenologic

and clinical evaluation of (ab), 481
Vitamin $B_{12}$ malabsorption, mechanism of, in patients receiving colchicine (ab), 237

W. Walter Wasson, M.D., 1884–1968 (E), 456
Water-soluble radiopaque media, brain barrier to: effect of parabens on permeability of blood, 404
Wigby, Palmer E., M.D., 1903–1968 (E), 921
Wilms' tumor, angiographic manifestations of; observation of six cases, 95
single versus multiple dose dactinomycin therapy of (ab), 249
Wrists, triangular cartilage calcification in; its incidence in elderly persons, 850

X-ray beams, precise alignment of, for stereotactic surgery, 260
effects, enhancement of, on small intestinal epithelium of dogs by Actinomycin D, 126
fluorescent screen-film systems, line spread-function and modulation transfer function of, —problems with double-coated films, 909

[FOUNDED IN 1906 AS THE AMERICAN QUARTERLY OF ROENTGENOLOGY]

# *The* AMERICAN JOURNAL OF ROENTGENOLOGY

## RADIUM THERAPY AND NUCLEAR MEDICINE

*Editor*: TRAIAN LEUCUTIA, M.D.

*Assistant to the Editor*: KENNETH L. KRABBENHOFT, M.D.

VOLUME 105

JANUARY–APRIL, 1969

CHARLES C THOMAS : SPRINGFIELD, ILLINOIS
1969

COPYRIGHT, 1969
BY AMERICAN ROENTGEN RAY SOCIETY, INC.

# CONTENTS OF VOLUME 105

JANUARY, 1969, NUMBER 1

The Role of the Specialist in Medicine and Society; The President's Address, 1968. *John L. Pool, M.D.* ... 3

Esthesioneuroblastomas; A Report of 7 Cases. *Leonidas Castro, M.D., Samuel de la Pava, M.D., and John H. Webster, M.D.* ... 7

Interstitial Radiation in the Management of Malignant Disease of the Facial Structures. *Carl W. Boyer, Jr., Lt. Colonel, MC, USA, Theodore J. Brickner, Jr., Lt. Colonel, MC, USA, Ronald H. Perry, Lt. Colonel, MC, USA, and John G. Maier, Colonel, MC, USA* ... 14

Combined Intra-Arterial Infusion and Radiotherapy for the Treatment of Advanced Cancer of the Head and Neck. *Richard H. Jesse, M.D., Helmuth Goepfert, M.D., Robert D. Lindberg, M.D., and Robert H. Johnson, M.D.* ... 20

Cancer of the Base of the Tongue; 116 Patients Treated Radiotherapeutically in the 11 Year Period 1952 Through 1962. *Paul W. Scanlon, M.D., Edward H. Soule, M.D., Kenneth D. Devine, M.D., and James B. McBean, M.D.* ... 26

Twenty Years' Experience with Radiation Therapy of Medulloblastoma. *Bernard S. Aron, M.D.* ... 37

The Treatment and Prognosis of Medulloblastoma in Children; A Study of 82 Verified Cases. *H. J. G. Bloom, M.D., E. N. K. Wallace, M.B., and J. M. Henk, M.B.* ... 43

Roentgenologic Considerations of the Hyoid Apparatus. *Saar Porrath, M.D.* ... 63

The Management of Cervical Lymph Node Metastasis by Megavoltage Radiotherapy. *G. E. Hanks, M.D., M. A. Bagshaw, M.D., and H. S. Kaplan, M.D.* ... 74

Pre and Postirradiation Azygography: Its Value in Determining Surgical Resectability in Pulmonary Carcinoma. *Carl T. Rinker, M.D., and Arch W. Templeton, M.D.* ... 83

Definitive Radiotherapy of Primary Mediastinal Seminoma. *Malcolm A. Bagshaw, M.D., William T. McLaughlin, M.D., and John D. Earle, M.D.* ... 86

Angiographic Manifestations of Wilms' Tumor; An Observation of Six Cases. *Chien-Hsing Meng, M.D., and Milton Elkin, M.D.* ... 95

Surgical Management of Solid Tumors in Childhood. *Lester W. Martin, M.D.* ... 105

Radium Dosage Patterns in the Treatment of Uterine Carcinoma. *Jacob Spira, Ph.D., and Isamettin Aral, M.D.* ... 110

A Simple Modification of the Stockholm Applicator for the Treatment of Early Cancer of the Uterine Cervix. *Gholam H. Zarghami, M.B., and Samuel S. Kurohara, M.D., with the technical assistance of Lavern Clay* ... 115

A New Rectal Dosimetry Catheter for Use in Radiation Therapy of Carcinoma of the Uterine Cervix. *J. J. Sheldon, M.D., M. Vuksanovic, M.D., G. J. Wold, M.S., and E. A. Fonts, M.D.* ... 120

Enhancement of X-ray Effects on the Small Intestinal Epithelium of Dogs by Actinomycin D. *Joseph P. Concannon, M.D., Roy E. Summers, M.S., John King, D.V.M., George Tcherkow, B.S., Christine Cole, Ph.B., and Edward Rogow, M.D.* ... 126

Response to Radiation Therapy of Osseous Lesions Detected on Radioisotope Bone Scans. *Sheldon Baum, M.D., James H. Davenport, M.D., and Lawrence Silver, M.D.* ... 137

Parosteal Osteosarcoma. *Donald A. Wolfel, M.D., and Peter R. Carter, B.A.* ... 142

Development of Ultrastructural Radiation Injury. *W. R. Hendee, Ph.D., M. A. Alders, B.S., and C. E. Garciga, M.D.* ... 147

Telecobalt Split Field Dosimetry; with Special Reference to Central Penumbral Isodose Separation. *Richard F. Mould, M.Sc.* ... 152

Permanent Interstitial Therapy Using Low Energy and Long Half-Life Radiation Sources. *Joseph E. Scallon, M.D., Charles A. Sondhaus, Ph.D., Samuel L. Snyder, M.D., Bernard H. Feder, M.D., and Walter G. Gunn, M.D.* ... 157

Clinical Application of Computer Dosimetry in Interstitial Radium Therapy. *Joseph R. Castro, M.D., Robert D. Lindberg, M.D., and Gilbert H. Fletcher, M.D.* ... 165

Current Techniques with 6–18 mev. Electron Beam. *Norah DuV. Tapley, M.D., and Gilbert H. Fletcher, M.D.* ... 172

The Dosimetric and Biologic Problems Posed by Electron Beam Therapy. *M. Tubiana* ... 178

Modulation Transfer Functions of the Ionization Chamber. *Suguru Uchida, E.D.* ... 185

The Effects of Partial Irradiation on Tail Regeneration in Adult Siredon Mexicanum. *V. V. Brunst, Sc.D.* ... 196

Officers ... 207

Editorials
The Fifty-first Annual Meeting of the American Radium Society. *J. A. del Regato, M.D.* ... 208
Arthur C. Singleton, M.D., 1900–1968. *M. R. Hall, M.D.* ... 210
The American Radium Society, Fifty-first Annual Meeting: Preliminary Program ... 212
International Commission on Radiation Units and Measurements (ICRU) ... 215
News Items ... 216
Book Review ... 220
Books Received ... 220
Society Proceedings ... 222
Abstracts of Radiological Literature ... 228

February, 1969, Number 2

The Lung: The Challenge of Nuclear Medicine. *James Leland Quinn, III* ... 251
Precise Alignment of X-ray Beams for Stereotactic Surgery. *Paul C. Hodges, M.D., and Francisco Garcia-Bengochea, M.D.* ... 260
An Image Enlargement Scale for Stereotactic Surgery. *Edwin M. Todd, M.D., and Benjamin L. Crue, Jr., M.D.* ... 270
Stereotaxic Transsphenoidal Biopsy and Cryosurgery of Pituitary Tumors. *Robert W. Rand, Ph.D., M.D., Gunnar Heuser, Ph.D., M.D., Alfred Dashe, M.D., Donald Adams, M.D., and Nathan Roth, M.D.* ... 273
Localization of the Calcified Pineal Body on Lateral Roentgenograms. *Captain Ronald P. Pawl, MC, USA, and Captain Arthur K. Walter, MC, USA* ... 287
Suprasellar Subarachnoid Cysts. *André Sansregret, M.D., Roger Ledoux, M.D., Fernand Duplantis, M.D., Christian Lamoureux, M.D., Alcide Chapdelaine, M.D., and Pierre Leblanc, M.D.* ... 291
Congenital Arachnoid Cysts. *Yahya M. Berkmen, M.D., Jack Brucher, M.D., and James H. Salmon, M.D.* ... 298
Post-Traumatic Leptomeningeal Cysts. *Frank H. Gruber, M.D.* ... 305
Cartilaginous Tumors of the Base of Skull. *Hideyo Minagi, M.D., and Thomas H. Newton, M.D.* ... 308
The Calvarial "Doughnut Lesion": A Previously Undescribed Entity. *Theodore E. Keats, M.D., and John F. Holt, M.D.* ... 314
Calvarial Bone Defects in Neurofibromatosis: A Case Report. *M. M. Saha, K. N. Agarwal, and O. P. Bhardwaj* ... 319
Sarcoidosis of the Skull; Report of a Case. *Oscar A. Turner, M.D., and Sanford R. Weiss, M.D.* ... 322
An Unusual Angiographic Appearance of Cerebral Arteriovenous Malformations. *LTC William M. Hammon, MC, USA* ... 326
Aneurysms of the Superficial Temporal Artery. *Charles B. Wilson, M.D.* ... 331
Posterior Fossa Aneurysms Presenting As Mass Lesions. *H. F. W. Pribram, M.D., D.M.R.D., J. D. Hudson, M.D., and Robert J. Joynt, M.D.* ... 334
Vascular Malformations of the Posterior Fossa Including the Tentorial Hiatus. *Lawrence H. Zingesser, M.D., Mannie M. Schechter, M.D., E. Leon Kier, M.D., and Mark S. O'Brien, M.D.* ... 341
Selective Third Ventricular Catheterization for Pantopaque Ventriculography. *Harold A. Wilkinson, M.D.* ... 348
Idiopathic Familial Cerebrovascular Ferrocalcinosis (Fahr's Disease) and Review of Differential Diagnosis of Intracranial Calcification in Children. *Donald P. Babbitt, M.D., T. Tang, M.D., J. Dobbs, M.D., and R. Berk, M.D.* ... 352
Autotomography Applied to the Pharynx and Dens; A Simple Wand for the Technique. *Edwin L. Lame, M.D., and Thomas J. Redick* ... 359
Roentgenographic Examination of Foramen Transversarium of Axis; Practical Considerations. *Trygve O. Gabrielsen* ... 361
Calcification of the Posterior Longitudinal Ligament: A Cause of Cervical Myelopathy. *Hideyo Minagi, M.D., and Arthur T. Gronner, M.D.* ... 365
Roentgenographic Correlations in Cervical Spondylosis. *H. A. Wilkinson, M.D., M. L. LeMay, M.D., and E. J. Ferris, M.D.* ... 370
The Neurologic Complications of Paget's Disease in the Cervical Spine. *Frieda Feldman, M.D., and William B. Seaman, M.D.* ... 375
Spontaneous Epidural Spinal Hemorrhage. *Martin E. Harris, M.D.* ... 383
Intraspinal Dermoids and Epidermoids. *S. K. Gupta, M.D., D.M.R., and Y. P. Bhandari, M.D., D.M.R.E.* ... 386
The Occult Intrasacral Meningocele. *Irving S. Young, M.D., and André J. Bruwer, M.D.* ... 390
Schistosomiasis of the Spinal Cord. *Arnold Chait, M.D., and William E. Gannon, M.D.* ... 400

Effect of Parabens on the Permeability of the Blood: Brain Barrier to Water-Soluble Radiopaque Media. *William H. Strain, Ph.D., Robert J. Rivers, Jr., M.D., Richard J. O'Reilly, M.D., Daniel T. Danahy, M.D., Martin R. Thomas, M.D., and Robert M. Wilson* ..... 404
A Simple Biplane Myelographic Table. *H. F. W. Pribram, M.D., D.M.R.D., R. E. Kitchen, B.S.E.E., and M. P. Neal, Jr., M.D.* ..... 411
Ultrasonic Diagnosis of Subdural Hematomas. *Jeffrey Rothman, M.D., Stanley Shatsky, B.S., Irvin Kricheff, M.D., and Norman Chase, M.D.* ..... 413
B-Scan Ultrasound Exploration of Neoplastic Disease. *Bruno Damascelli, M.D., Franca Fossati, M.D., Tito Livraghi, M.D., and Aldo Severini, M.D.* ..... 428
Echographic Diagnosis of Retroperitoneal Lymph Node Enlargement; Ultrasound Scanning Technique and Diagnostic Findings. *W. Michael Asher, M.D., and Atis K. Freimanis, M.D.* ..... 438
A Modified Technique of Ultrasonography for the Detection and Differential Diagnosis of Breast Lesions. *Frank H. DeLand* ..... 446
Officers ..... 453
Editorials
Who Should Do Echography? *Atis K. Freimanis, M.D.* ..... 454
W. Walter Wasson, M.D., 1884–1968. *Wendell G. Scott, M.D.* ..... 456
News Items ..... 459

Society Proceedings ..... 465
Abstracts of Radiological Literature ..... 471

March, 1969, Number 3

The Centralization of Cancer Services—How Far Should It Go?; The Janeway Lecture, 1968. *W. G. Cosbie, M.B.* ..... 487
The Value of Radiotherapy in the Management of Esophageal Cancer. *J. G. Pearson* ..... 500
Some Opinions on Treatment of Cancer of the Esophagus. *W. D. Rider, M.B., and R. Diaz Mendoza, M.D.* ..... 514
Dosimetric Considerations in Cobalt 60 Rotational Therapy for Esophageal Lesions; A Comparison of Transit and Intraluminal Dose Measurement. *David B. Goldenberg, M.D., U. V. Gopala Rao, ScD., Stewart Lott, M.D., and Joseph Digel, R.T.* ..... 518
Surgical and Radiation Treatment of Cancer of the Thoracic Esophagus. *John T. Goodner, M.D.* ..... 523
Radiation Induced Neoplasia Following External Beam Therapy for Children with Retinoblastoma. *Robert H. Sagerman, M.D., J. Robert Cassady, M.D., Patricia Tretter, M.D., and Robert M. Ellsworth, M.D.* ..... 529
The Influence of the Relationship "Local Tumor Extent-Time" Upon the Evolution of Tumors of the Nasopharynx. *J. F. Bohorquez, M.D.* ..... 536
Radiation Therapy of Carcinoma of the Anterior Nasal Cavity. *Wayne P. Whitcomb, M.D.* ..... 550
Hydroxyurea: A Radiosensitizer in the Treatment of Neoplasms of the Head and Neck. *George J. Richards, Jr., M.D., and Robert G. Chambers, M.D.* ..... 555
Long Time Survivals of Patients with Cancer of the Eye and Surrounding Structures Treated with Radiation Therapy. *Charles L. Martin, E.E., M.D.* ..... 566
An Evaluation of the Manchester System of Treatment of Carcinoma of the Cervix. *George Schwarz, M.D.* ..... 579
The Combination of External Irradiation and Curietherapy Used Preoperatively in Adenocarcinoma of the Endometrium. *Victor A. Marcial, José M. Tomé, and Jeannie Ubiñas* ..... 586
Recurrent Cancer of the Corpus Uteri; Techniques and Results of Treatment. *Ahmed O. Badib, M.D., Samuel S. Kurohara, M.D., Antonio A. Beitia, M.D., and John H. Webster, M.D.* ..... 596
Adenocarcinoma of the Uterus. *Luis Delclos, M.D., Gilbert H. Fletcher, M.D., Augusto G. Gutierrez, M.D., and Felix N. Rutledge, M.D.* ..... 603
Afterloading Vaginal Ovoids. *Allan E. Green, Jr., M.D., John R. Broadwater, M.D., and James A. Hancock, Jr., Major, USAF, B.S.C.* ..... 609
The Role of Preoperative Irradiation in the Treatment of Carcinoma of the Ovary. *Jerome M. Vaeth and Franz J. Buschke* ..... 614
The Clinical Course of Hodgkin's Disease and Other Malignant Lymphomas Treated with Radical Radiation Therapy. *Leonard R. Prosnitz, M.D., Samuel Hellman, M.D., Carl F. Von Essen, M.D., and Morton M. Kligerman, M.D.* ..... 618
Curative Treatment of Hodgkin's Disease. *John F. Hynes, M.D.* ..... 629

Cutaneous Reactions after Radiation Therapy; Report of 7 Cases. *William S. Maxfield, M.D., and William P. Coleman, M.D.* 636
Dystrophic Epidermolysis Bullosa; Tolerance of the Bed and Response of Multifocal Squamous Cell Carcinomas to Ionizing Radiation: Report of a Case. *Robert W. Edland, M.D.* 644
A Light Analog System for Radiotherapy Planning. *Gerald S. Freedman, B.M.E., and Paul N. Goodwin, Ph.D.* 648
Radiation Tolerance of the Thoracic Spinal Cord. *Theodore L. Phillips, M.D., and Franz Buschke, M.D.* 659
Changing Perspectives in Oxygen Breathing and Radiation Therapy. *Philip Rubin, M.D., Colin A. Poulter, M.B., and Raymond S. Quick, B.Sc.* 665
Isotope Renography and Renal Arteriography in the Evaluation of Renal Transplants. *Harold D. Davidson, M.D., Merle K. Loken, Ph.D., and Kurt Amplatz, M.D.* 682
The Plugging of Leaks in Radium Containers. *M. L. Rozenfeld, M.S., and E. W. Mason, B.S.* 689

Lipid Embolism to the Brain Following Lymphography; Case Report and Experimental Study. *J. W. Davidson, M.B.* 763
Contrast-Vasoconstrictor Mixtures in Angiography. *Paul C. Kahn, M.D., with the technical assistance of Joseph P. Zeppieri, A.B., and Gerald S. Lorch, B.S.* 772
Effect of Angiocardiography on Fluid and Electrolyte Balance. *Aaron R. Levin, M.R.C.P. (Edin.), Herman Grossman, M.D., Edward T. Schubert, Ph.D., Patricia Winchester, M.D., and Angela Gilladoga, M.D.* 777
Coronary Arteriography in Hypercholesterolemic Patients. *Harold A. Baltaxe, M.D., Kurt Amplatz, M.D., Richard L. Varco, M.D., and Henry Buchwald, M.D.* 784
Effects of Ionizing Radiation upon the Immature Rabbit Larynx. *Frederick J. Bonte, M.D., Vernie L. Stembridge, M.D., and James D. Reef, M.D.* 791
Vascular Structure of Glioblastomas. *J. H. Scatliff, M.D., W. B. Radcliffe, M.D., H. H. Pittman, B.S., and C. H. Park, M.D.* 795
The Basis for Segmental Sequential Irradiation in Hodgkin's Disease: Extended vs. Local Fields in the Radiocurability of the SJL/J Mouse Hodgkin's-Like Reticulum Cell Sarcoma. *Philip Rubin and Glenn Haluska, with the technical assistance of George Miller* 806
The Basis for Segmental Sequential Irradiation in Hodgkin's Disease: Clinical Experience of Patterns of Recurrence. *P. Rubin, G. Haluska and C. A. Poulter* 814
The Lamina Dura (L. D.) of the Maxillary Antrum: Its Value in Roentgen Diagnosis. *T. El Gammal, M.B., and Theodore E. Keats, M.D.* 830
Tomography of the Temporal Bone in Paget's Disease. *Jerry P. Petasnick, M.D.* 838
The Supracondylar Process and Its Fracture. *Alex Newman, M.D.* 844
Triangular Cartilage Calcification in the Wrists: Its Incidence in Elderly Persons. *Wylie J. Dodds, M.D., and Howard L. Steinbach, M.D.* 850
A Study of Inter- and Intra-Observer Error in Reading Plain Roentgenograms of the Hands; "To Err is Human." *John H. Bland, M.D., A. Bradley Soule, M.D., Frederick W. VanBuskirk, M.D., Estelle Brown, B.S., and Ruth V. Clayton* 853
Epiphyseal Dysostosis. *Howard L. Steinbach, M.D., and Robert A. Brown, M.D.* 860

Use of a Digital Computer in the Measurement of Roentgenographic Bone Density. *Fred B. Vogt, M.D., Louis S. Meharg, Ph.D., and Pauline Beery Mack, Ph.D.* ... 870
Congenital Arteriovenous Malformation of the Foot. *L. E. Kellerhouse, M.D., and K. Ranniger, M.D.* ... 877
Mammographic Technique: Need for Routine Spot Roentgenograms. *M. B. Hermel, M.D., J. Gershon-Cohen, M.D., and R. N. Byrne, M.D.* ... 880
The Use of Hysterography in the Detection of Hydatidiform Mole. *Edward I. Greenbaum, M.D., G. Podolak, M.D., and B. J. O'Loughlin, Ph.D.* ... 885
A Roentgenologic Rule and Pelvimetry Technique. *T. H. Johnson, Jr., M.D., and T. A. Reagan, R. T.* 890
Recovery of Detached Intravascular Catheter or Guide Wire Fragments; A Proposed Method. *Joseph L. Curry, M.D.* ... 894
Skin Exposure from Handling Syringes Containing Radioactive Isotopes. *R. S. Clayton, M.D., J. E. White, M.D., M. Brieden and A. Rodriguez, R.T.* ... 897
The Independent Radiation Monitor (I.R.M.). *Paul M. Kroening, M.D., and Raymond Mucha* ... 900
Three Dimensional Roentgenography. *J. B. Garrison, D. G. Grant, W. H. Guier, and R. J. Johns* ... 903
The Line Spread-Function and the Modulation Transfer Function of X-Ray Fluorescent Screen-Film Systems—Problems with Double-Coated Films. *G. Lubberts, M.S.* ... 909
Officers ... 918
Editorials
Winds of Change Pass Over the A.U.R. *Stanley M. Rogoff, M.D.* ... 919
Palmer E. Wigby, M.D., 1903–1968. *Curtis H. Burge, M.D.* ... 921

# SUBJECT INDEX TO VOLUME 106

(ab) = abstract (E) = editorial

ABDOMINAL diseases and Seldinger technique, with emphasis on; arteriography in infants and children, 81
metastases, prevention of, after intraperitoneal injection of Yoshida ascites cells: use of new colloidal $^{32}$P-chromic phosphate (ab), 461
ABORTION, radiation, in radiotherapy (ab), 229
ACETABULAR angle in human fetuses, 190
ACETABULI, protrusio, measurement of progression in, 506
ACID mucopolysaccharidosis, new, with skeletal deformities simulating rheumatoid arthritis, 121
ACTINOMYCOSIS, dental and intracranial (ab), 456
ADRENAL arteriography, selective, significance of, in diagnosis of Conn's syndrome (ab), 683
medulla, human, and in neuroblastoma, labeled dopamine concentration in (ab), 689
neoplasms, arteriography of, 635
ADRENALIN, renal angiography with; possibilities of pharmacoangiography (ab), 680
AMERICAN RADIUM SOCIETY, Fifty-first Annual Meeting of (E), 443
AMERICAN ROENTGEN RAY SOCIETY, Instruction Courses, 881
Instruction Courses of Seventieth Annual Meeting of (E), 880
Preliminary Program, 659
Seventieth Annual Meeting of (E), 656
ANAL stimulator, use of, for barium enema examinations (ab), 678
ANEMIA, sickle-cell, and its genetic variants, necrosis of femoral head associated with: review of literature and study of thirteen cases (ab), 684
ANESTHETIC, new, for use in pediatric neuroroentgenologic procedures: ketamine, 434
ANEURYSM of aorta, problems in aortographic diagnosis of dissecting (ab), 686
ruptured aortic, in 3½ year old child with coarctation of aorta (ab), 686
ANGIOCARDIOGRAPHIC diagnosis compared with surgical findings; tetralogy of Fallot (ab), 913
ANGIOGRAPHIC demonstration of systemic arterial supply in abnormal pulmonary circulation, 70
histologic correlation; ganglioneuroblastoma, 208
ANGIOGRAPHY, cerebral, and pneumoencephalography, new head positioning device for, 440
cerebral, unusual complication of, 269
intravenous radioisotope, using $^{113m}$InFe DTPA-ascorbic acid (ab), 461
observations on treatment of pulmonary thromboembolism with urokinase, 576
pulmonary with external cardiac compression in fatal pulmonary embolism (ab), 911
renal, with adrenalin; possibilities of pharmacoangiography (ab), 680
studies in prevention of complications of, 425
vertebral, pontine arteries in, 296
ANNULUS, tricuspid, calcification of, 550
AORTA, coarctation of, ruptured aortic aneurysm in 3½ year old child with (ab), 686
problems in aortographic diagnosis of dissecting aneurysm of (ab), 686
pseudocoarctation of, associated with congenital heart disease: report of ten cases, 1
AORTIC aneurysm, ruptured, in 3½ year old child with coarctation of aorta (ab), 686
coarctation, fate of rib notching after correction of, 21
insufficiency, ventricular septal defect associated with, 32
AORTOGRAPHY diagnosis, problems in, of dissecting aneurysm of aorta (ab), 686
ARTERIAL catheter, selective, radiation protection of vital organs, using; experimental and clinical aspects, 841
supply, systemic, in abnormal pulmonary circulation, angiographic demonstration of, 70
ARTERIES in lower extremities, with analysis of occlusive diseases of; arteriography of extremities, 400
ARTERIOGRAPHIC evaluation of military vascular trauma, 394
ARTERIOGRAPHY, coronary, selective; spot film roentgenographic technique, 536
in infants and children; with emphasis on Seldinger technique and abdominal disease, 81
in polyarteritis nodosa (ab), 227
of adrenal neoplasms, 635
of extremities; with analysis of occlusive diseases of arteries in lower extremities, 400
peripheral, clinical experiences with new type of contrast medium in, 418
pulmonary: simple method for demonstration of clinically significant pulmonary emboli, 558
routine selective, rapid blood flow rate analysis during: application of television fluorodensitometry, 591
selective adrenal, significance of, in diagnosis of Conn's syndrome (ab), 683
visceral, selective, hemangiomata demonstrated by: severe gastrointestinal hemorrhage (ab), 678
ARTERIOVENOUS fistula, traumatic of superficial temporal artery; report of case, 279
ARTERY, SUPERIOR MESENTERIC, EXPERIMENTAL

STUDIES OF SPLANCHNIC CIRCULATION OF RABBIT AFTER LIGATION OF; I: angiographic and physiologic studies, 691
II: radionuclide tracer studies, 808
ARTHRITIS, RHEUMATOID, lungs in (ab), 912
new acid mucopolysaccharidosis with skeletal deformities in simulating, 121
ARTHROPATHY, atrophic, and diabetic neuritis, 523
ATRIOGRAPHY, right, for detection of pericardial effusion, evaluation of (ab), 459
AUTOIMMUNE disease and radiation therapy (ab), 229

BARIUM enema examinations, use of anal stimulator for (ab), 678
BED rest, x-ray density changes in human heel during, 486
BIOLOGIC media, neutron radiography in; techniques, observations, and implications, 472
BLIND LOOP syndrome in children: malabsorption secondary to intestinal stasis (ab), 914
BLOOD flow, cerebral, regional: comparison of 8-detector and 16-detector instrumentation (ab), 910
flow rate, rapid, analysis during routine selective arteriography: application of television fluorodensitometry, 591
flow, regional pulmonary, in cystic fibrosis, 567
peripheral, cellularity, changes in marrow and: marrow cell injury following $Ca^{45}$ uptake in bone, 794
vessels, alterations, in, in x-irradiated spinal cords of young rats (ab), 687
BONE, benign giant-cell tumor of: radiation dosage for each type (ab), 228
changes in marrow cell cycle time following deposition of $Ca^{45}$ in, 802
disease, disappearing, morbus Gorham: report of case (ab), 227
marrow cell injury following $Ca^{45}$ uptake in: changes in marrow and peripheral blood cellularity, 794
temporal, cycloidal tomography of (ab), 456
tumors, treatment of primary and metastatic, by cryosurgery (ab), 690
BOOK REVIEWS:
Chronic Ulcerative Colitis: A Lifelong Study. By J. Arnold Bargen, 452
Fundamental Problems in Scanning. Compiled and edited by Alexander Gottschalk and Robert N. Beck, 452
Essai de Classification des Dysplasies Spondylo-épiphysaires. By P. Maroteaux, R. Wiedemann, J. Spranger, K. Koslowski and L. Lenzi, 666
Angiography of Cerebral Circulation. By Kurt Decker and Hubert Backmund, 668
Paramedical Dictionary: A Practical Dictionary for the Semimedical and Ancillary Medical Professions. By J. E. Schmidt, 901
BRACHIAL plexus syndrome from breast cancer, radiation therapy of (ab), 227
BRAIN and liver, use in study of involvement by primary and metastatic processes in: radioisotopes in malignancies in children (ab), 688
scanning, appearance of transverse sinuses by, 340
scanning, diagnosis of Dandy-Walker cyst by, 344
scanning, perfusion $I^{131}$ macroaggregate; clinical evaluation of its diagnostic efficiency, 333
scanning, routine, vertex view in, 347
scanning, serial, with technetium 99m and scintillation camera, 708
scans, positive, in fibrous dysplasia and other lesions of skull, 731
BREAST cancer, radiation therapy of brachial plexus syndrome from (ab), 227
male, irradiation of, to prevent hormone produced gynecomastia, 839
tumors, isolated, circumscribed, diagnostic problems of, 836
BRONCHOPULMONARY sequestration with venous drainage to portal vein, 118

$Ca^{45}$ in bone, changes in marrow cell cycle time following deposition of, 802
uptake, marrow cell injury following, in bone: changes in marrow and peripheral blood cellularity, 794
CALCIFICATION, Guinea worm: report of 83 cases (ab), 687
of tricuspid annulus, 550
thrombus, in inferior vena cava; specific roentgenologic entity, 97
CALDWELL Lecture, 1968; multiple progressive intracranial arterial occlusions: syndrome of children and young adults, 235
CAMERA, scintillation, serial brain scanning with technetium 99m and, 708
CANCER, breast, radiation therapy of brachial plexus syndrome from (ab), 227
gastric, mortality from, and other causes after medical or surgical treatment for gastric ulcer (ab), 229
head and neck, high energy electron beam therapy for (ab), 231
of nasal cavity, treatment of, 824
CARCINOMA, cervical, histological changes in, in patients receiving cytostatic treatment before hysterectomy (ab), 690
CARCINOMAS, Stages I and II squamous cell, of cervix on intact uterus, analysis of central recurrent disease in, 831
CARDIAC damage, electrocardiographic study of, secondary to radiotherapy of malignant intrathoracic tumors (ab), 230
pacemaker insertion, new method for, 597

Carotid cavernous fistula presenting as nasopharyngeal mass, 376
echoarteriography, ultrasonic, 282
Catheter, selective arterial, radiation protection of vital organs, using; experimental and clinical aspects, 841
Catheterization of umbilical vein, hepatography by (ab), 915
Cellular changes in conjunctiva after strontium 90 treatment for pterygium, 848
Cellulitis with underlying inflammatory periostitis of mandible, 133
Cerebral angiography, unusual complication of, 269
angiography and pneumoencephalography, new head positioning device for, 440
artery, anterior, its relationship to displacement of, in frontal space-occupying lesions; anatomic variation of height of falx cerebri, 273
blood flow, regional: comparison of 8-detector and 16-detector instrumentation (ab), 910
embolism, case of, following lymphography (ab), 910
tumors, two roles of scan in diagnosis of (ab), 688
Cerebrospinal fluid dynamics, cinemyelographic study of, 369
formations, movements of ventricular fluid levels due to, 354
Cervical carcinoma, histological changes in, in patients receiving cytostatic treatment before hysterectomy (ab), 690
Cervix on intact uterus, analysis of central recurrent disease in Stages I and II squamous cell carcinomas of, 831
Cherubism—hereditary fibrous dysplasia of jaws; roentgenographic features, 136
Chest unit, semi-automatic vacuum, 648
Child, 3½ year old, ruptured aortic aneurysm in, with coarctation of aorta (ab), 686
Childhood, empyema in, followed roentgenographically: decortication seldom needed, 114
leukemia in Singapore children (ab), 462
staphylococcal pneumonia and empyema in, 103
Children and infants, arteriography in; with emphasis on Seldinger technique and abdominal diseases, 81
and young adults: multiple progressive intracranial arterial occlusions; Caldwell Lecture, 1968, 235
blind loop syndrome in: malabsorption secondary to intestinal stasis (ab), 914
initial high dose irradiation for metastases causing spinal cord compression in, 385
liver irradiation in: acute changes with transient leukopenia and thrombocytopenia, 750
neuroblastoma in: 42 cases (ab), 228
radioisotopes in malignancies in: use in study of involvement by primary and metastatic processes in brain and liver (ab), 688
Singapore, childhood leukemia in (ab), 462
urinary tract anomalies in, with congenital heart disease, 52
Cholangiography by intravenous perfusion; study of 103 cases (ab), 915
intravenous, and organic syndrome of Mirizzi (ab), 915
transhepatic, percutaneous; experience with 54 cases (ab), 679
Cholografin $I^{131}$, isotope encephalography with; biologic and physical characteristics, 724
Cinearteriography, coronary, selective, clinical significance of (ab), 913
Cinemyelographic study of cerebrospinal fluid dynamics, 369
Coarctation, aortic, fate of rib notching after correction of, 21
Computers, desk, uses of, in nuclear medicine, 874
Conjunctiva, cellular changes in, after strontium 90 treatment for pterygium, 848
Conn's syndrome, significance of selective adrenal arteriography in diagnosis of (ab), 683
Contrast material, absorption of, from urinary tract during retrograde pyelography (ab), 680
medium, clinical experiences with new type of, in peripheral arteriography, 418
Coronary arteriography, selective; spot film roentgenographic technique, 536
cinearteriography, selective, clinical significance of (ab), 913
Craniosynostosis-syndactylism, 144
Crohn's disease of esophagus (ab), 911
Cryosurgery, treatment of primary and metastatic bone tumors by (ab), 690
Cyclophosphamide, hemorrhagic cystitis due to (ab), 690
Cyst, Dandy-Walker, diagnosis of, by brain scanning, 344
giant, of utricle (ab), 682
lucent unilateral supratentorial dermoid; report of unusual case, 329
Cystic fibrosis, regional pulmonary blood flow in, 567
Cystitis, hemorrhagic, due to cyclophosphamide (ab), 690
Cytostatic treatment, histological changes in cervical carcinoma in patients receiving, before hysterectomy (ab), 690

Dandy-Walker cyst, diagnosis of, by brain scanning, 344
Daniel Thomas Quigley, M.D., 1876–1968 (E), 447
Densitometry, lumbar spine, methodology and results in relation to menopause (ab), 680
Density, x-ray, changes in human heel during bed rest, 486
Desk computers, uses of, in nuclear medicine, 874
Diabetic neuritis and atrophic arthropathy, 523
Diaphragm, pyloric mucosal, adult (ab), 678
Digestive and urinary tracts, importance of radio-

logic examination of, in gynecologic tumors (ab), 679
Diverticulum of prostatic urethra developing postoperatively from stump of congenital rectourethral fistula, 211
Dopamine concentration, labeled, in human adrenal medulla and in neuroblastoma (ab), 689
Dwarfism, metatropic, 156
Dysostosis, hereditary peripheral, roentgenographic manifestations of, 178
Dysplasia, fibrous, sequestrum formation in, 162
hereditary fibrous, of jaws—cherubism; roentgenographic features, 136
multiple epiphyseal; contribution to problem of spinal involvement, 170
spondylothoracic,—syndrome of congenital anomalies, 166

Earth nuclides, rare, as potential agents for skeletal imaging (ab), 460
Echoarteriography, ultrasonic carotid, 282
Editorials:
Pediatric Radiology—Its Relationship to General Radiology, 222
Fifty-first Annual Meeting of the American Radium Society, 443
Daniel Thomas Quigley, M.D., 1876–1968, 447
Seventieth Annual Meeting of the American Roentgen Ray Society, 656
Instruction Courses of the Seventieth Annual Meeting of the American Roentgen Ray Society, 880
Ehrlich's tumor, radiotherapy and immunizing phenomena in evolution of (ab), 687
Electrocardiographic study of cardiac damage secondary to radiotherapy of malignant intrathoracic tumors (ab), 230
Embolism, cerebral, case of, following lymphography (ab), 910
lipiodol, following lymphography (I. Clinical part) (ab), 912
pulmonary, fatal, pulmonary angiography with external cardiac compression in (ab), 911
pulmonary, radioisotopic *versus* ultrasonic testing for, 766
Empyema and staphylococcal pneumonia in childhood, 103
in childhood followed roentgenographically: decortication seldom needed, 114
Encephalography, isotope, with cholografin $I^{131}$; biologic and physical characteristics, 724
Endolymphatic infusion, lymphatic and visceral irradiation from, in rabbit, 700
Eosinophilic gastroenteritis, diffuse (ab), 914
pneumonia, chronic (ab), 911
Epiphyseal dysplasia, multiple; contribution to problem of spinal involvement, 170
Erosion, skull, complicating traumatic porencephaly in infancy, 129
Esophageal complications of vagotomy (ab), 459
Esophagus, Crohn's disease of (ab), 911
Extremities, arteriography of; with analysis of occlusive diseases of arteries in lower extremities, 400

Falx cerebri, anatomic variation of height of; its relationship to displacement of anterior cerebral artery in frontal space-occupying lesions, 273
Femoral head, necrosis of, associated with sickle-cell anemia and its genetic variants: review of literature and study of thirteen cases (ab), 684
Fetuses, human, acetabular angle in, 190
Fibroplasia, pulmonary, following prolonged artificial ventilation of newborn infants (ab), 911
Fibrous dysplasia and other lesions of skull, positive "brain" scans in, 731
dysplasia, sequestrum formation in, 162
xanthoma of synovium (giant-cell tumor of tendon sheath, pigmented nodular synovitis) (ab), 685
Fifty-first Annual Meeting of American Radium Society (E), 443
Fissure lines in pediatric roentgenogram, 109
Fistula, carotid cavernous, presenting as nasopharyngeal mass, 376
Fluorodensitometry, television, application of: rapid blood flow rate analysis during routine selective arteriography, 591
Fluoroscopic finding, previously unreported, review of literature with demonstration of; congenital absence of pericardium, 542

$^{67}Ga$ citrate, tumor scanning with (ab), 689
Ganglioneuroblastoma: angiographic-histologic correlation, 208
Gastric ulcer, mortality from gastric cancer and other causes after medical or surgical treatment for (ab), 229
Gastroenteritis, eosinophilic, diffuse (ab), 914
Gastrointestinal hemorrhage, severe: hemangiomata demonstrated by selective visceral arteriography (ab), 678
radiology, metoclopramide in (ab), 913
Generator, sterile $Sn^{113}$—$In^{113m}$, preparation and testing of, 745
Giant-cell tumor, benign, of bone; radiation dosage for each type (ab), 228
Guinea-worm calcification: report of 83 cases (ab), 687
Gynecomastia, hormone produced, irradiation of male breast to prevent, 839
Gynecologic tumors, importance of radiologic examination of digestive and urinary tracts in (ab), 679

Head and neck cancer, high energy electron beam therapy for (ab), 231

holder, multiple purpose, 216
positioning device, new, for cerebral angiography and pneumoencephalography, 440
Heart disease, congenital, pseudocoarctation of aorta associated with: report of ten cases, 1
congenital, thickness of lateral wall of left ventricle in; angiocardiographic determination, 24
congenital, urinary tract anomalies in children with, 52
Heel, human, x-ray density changes in, during bed rest, 486
Hemangioendothelioma, giant, with thrombocytopenia and hypofibrinogenemia, 204
hepatic, infantile, 200
Hemangiomata demonstrated by selective visceral arteriography: severe gastrointestinal hemorrhage (ab), 678
Hematopoiesis, extramedullary, roentgen findings in, 604
Hemoperitoneum, roentgenologic features of, in newborn, 193
Hemorrhage, severe gastrointestinal: hemangiomata demonstrated by selective visceral arteriography (ab), 678
Hepatic hemangioendothelioma, infantile, 200
Hepatography by catheterization of umbilical vein (ab), 915
High dose, initial, irradiation for metastases causing spinal cord compression in children, 385
energy electron beam therapy for head and neck cancer (ab), 231
Holder, head, multiple purpose, 216
Hormone produced gynecomastia, irradiation of male breast to prevent, 839
Hydrocephalus, extra-ventricular (communicating): some observations on midline ventricles, 308
Hysterectomy, histological changes in cervical carcinoma in patients receiving cytostatic treatment before (ab), 690
Hypofibrinogenemia and thrombocytopenia, giant hemangioendothelioma with, 204

$^{125}$I-labelled fibrinogen, detection of venous thrombosis of legs using (ab), 460
in diagnosis of deep-vein thrombosis and its correlation with phlebography (ab), 689
$I^{131}$ macroaggregate brain scanning, perfusion; clinical evaluation of its diagnostic efficiency, 333
ICRP, International Commission on Radiological Protection, 663
Iliofemoral venous thrombosis, management of, in antepartum state (ab), 679
Immune deficiency disease, combined: its radiographic expression (ab), 461
$^{113m}$InFe DTPA-ascorbic acid, intravenous radioisotope angiography using (ab), 461
Indium 113m, liver and spleen scintiscanning with; clinical pathologic correlation, 739
Infancy, skull erosion complicating traumatic porencephaly in infancy, 129
Infantile hepatic hemangioendothelioma, 200
Infants and children, arteriography in; with emphasis on Seldinger technique and abdominal diseases, 81
newborn, pulmonary fibroplasia following prolonged artificial ventilation of (ab), 911
Inferior vena cava, thrombus calcification in; specific roentgenologic entity, 97
venacavography, new technique for (ab), 685
Instruction Courses, American Roentgen Ray Society, 881
of Seventieth Annual Meeting of American Roentgen Ray Society (E), 880
International Commission on Radiological Protection (ICRP), 663
Intestinal stasis, malabsorption secondary to: blind loop syndrome in children (ab), 914
Intracranial arterial occlusions, multiple progressive: syndrome of children and young adults; Caldwell Lecture, 1968, 235
Intrapulmonary lymph node detected roentgenographically; case report, 601
Intrathoracic meningocele, 381
tumors, malignant, radiotherapy of, electrocardiographic study of cardiac damage secondary to (ab), 230
Intravaginal markers for accurate radionuclide localization of placenta, 787
Iodine, serum thyroxine, simplication of determination of, by competitive analysis, 791
Irradiation, initial high dose, for metastases causing spinal cord compression in children, 385
liver, in children: acute changes with transient leukopenia and thrombocytopenia, 750
lymphatic and visceral, from endolymphatic infusion in rabbit, 700
of male breast to prevent hormone produced gynecomastia, 839
Isotope encephalography with cholografin $I^{131}$; biologic and physical characteristics, 724

Jaws, hereditary fibrous dysplasia of,—cherubism; roentgenographic features, 136
Jugular venography, 303
Juvenile interstitial pneumonia, clinical and roentgenologic experience in (ab), 458

Ketamine: new anesthetic for use in pediatric neuroroentgenologic procedures, 434
Kidney, left, abnormal, following splenorenal shunt, 92
transplantation, prognostic value of radioisotope renograms in (ab), 681

Laryngeal leishmaniasis (ab), 910
Legs, detection of venous thrombosis of, using $^{125}$I-labelled fibrinogen (ab), 460

Leishmaniasis, laryngeal (ab), 910
Leukemia, acute, distribution of, in time and space: studies in New Zealand (ab), 462
childhood, in Singapore children (ab), 462
Leukopenia, transient, and thrombocytopenia, acute changes with: liver irradiation in Children, 750
Lipiodol embolism following lymphography (I. clinical part) (ab), 912
Liver and brain, use in study of involvement by primary and metastatic processes in: radioisotopes in malignancies in children (ab), 688
and spleen scintiscanning with indium 113m; clinical pathologic correlation, 739
irradiation in children: acute changes with transient leukopenia and thrombocytopenia, 750
Lumbar spine densitometry, methodology and results in relation to menopause (ab), 680
Lumboperitoneal shunts, myeloscintigrams in assessment of (ab), 689
Lumbosacral spine, congenital absence of (ab), 685
Lung, autotransplanted; roentgenographic appearance of transplanted primate lung, 563
scan, fatality immediately following rapid infusion of macroaggregates of $^{99m}$Tc albumin (MAA) for (ab), 232
transplanted primate, roentgenographic appearance of; autotransplanted lung, 563
Lungs, computerized dynamic scintigraphy of (ab), 688
in rheumatoid arthritis (ab), 912
Lymph node, intrapulmonary, detected roentgenologically; case report, 601
Lymphatic and visceral irradiation from endolymphatic infusion in rabbit, 700
Lymphography, case of cerebral embolism following (ab), 910
lipiodol embolism following; (I. Clinical part) (ab), 912

Macroaggregates of $^{99m}$Tc albumin (MAA) for lung scan, fatality immediately following rapid infusion of (ab), 232
Malignant tumors of nasopharynx, roentgenologic manifestations of, 813
Mandible, cellulitis with underlying inflammatory periostitis of, 133
Markers, intravaginal, for accurate radionuclide localization of placenta, 787
Marrow cell cycle time, changes in, following deposition of $Ca^{45}$ in bone, 802
injury following $Ca^{45}$ uptake in bone: changes in marrow and peripheral blood cellularity, 794
Meningocele, intrathoracic, 381
Menopause, lumbar spine densitometry, methodology and results in relation to (ab), 680
Metastases causing spinal cord compression, initial high dose irradiation for, in children, 385
Metoclopramide in gastrointestinal radiology (ab), 913
Microembolism, pulmonary, scintigraphic findings in, 778
Military vascular trauma, arteriographic evaluation of, 394
Mirizzi, organic syndrome of, and intravenous cholangiography (ab), 915
Morbus Gorham, disappearing bone disease: report of case (ab), 227
Mucopolysaccharidosis, acid, new, with skeletal deformities stimulating rheumatoid arthritis, 121
Myeloscintigrams in assessment of lumboperitoneal shunts (ab), 689
Myositis ossificans, radiological observation on alveolar soft-part sarcoma complicated by trauma and (ab), 687

Nasal cavity, treatment of cancer of, 824
Nasopharyngeal mass, carotid cavernous fistula presenting as, 376
Nasopharynx, roentgenologic manifestations of malignant tumors of, 813
Neck and head cancer, high energy electron beam therapy for (ab), 231
Necrosis of femoral head associated with sickle-cell anemia and its genetic variants: review of literature and study of thirteen cases (ab), 684
Neoplasms, adrenal, arteriography of, 635
Nephritis, radiation (ab), 230
Nephrogram: valuable indicator of renal abnormalities, 614
Neuroblastoma in children: 42 cases (ab), 228
labeled dopamine concentration in human adrenal medulla and in (ab), 689
Neuroroentgenologic procedures, pediatric, new anesthetic for use in: ketamine, 434
Neuritis, diabetic, and atrophic arthropathy, 523
Neutron radiography in biologic media; techniques, observations, and implications, 472
Newborn, roentgenologic features of hemoperitoneum in, 193
Nuclear medicine, uses of desk computers in, 874

Optic canal, tomography of, 530
Orthopedic problems associated with tuberous sclerosis (ab), 683
surgery, vascular complications of (ab), 684
Osteonecrosis, roentgenologic manifestations of, 509

$^{32}$P-Chromic Phosphate, new colloidal, use of: prevention of abdominal metastases after intraperitoneal injection of Yoshida ascites cells (ab), 461
Pacemaker insertion, cardiac, new method for, 597
Paget, osteodystrophy of, scintigraphy with radiostrontium in (ab), 688

Pediatric neuroroentgenologic procedures, new anesthetic for use in: ketamine, 434
radiology—its relationship to general radiology, (E), 222
roentgenogram, fissure lines in, 109
Pericardial effusion, evaluation of right atriography for detection of (ab), 459
Pericardium, congenital absence of; review of literature with demonstration of previously unreported fluoroscopic finding, 542
Periostitis, underlying inflammatory, of mandible, cellulitis with, 133
Peripheral arteriography, clinical experiences with new type of contrast medium in, 418
Pharmacoangiography, possibilities of; renal angiography with adrenalin (ab), 680
Phlebography, $^{125}$I-labelled fibrinogen in diagnosis of deep-vein thrombosis and its correlation with (ab), 689
Photoscan-roentgenographic comparisons, pulmonary, in sarcoidosis, 770
Placenta, intravaginal markers for accurate radionuclide localization of, 787
Pneumocystic carinii pneumonia: successful diagnosis and treatment of two patients with associated malignant process (ab), 458
Pneumoencephalography and cerebral angiography, new head positioning device for, 440
Pneumonia, eosinophilic, chronic (ab), 911
juvenile interstitial, clinical and roentgenologic experience in (ab), 458
pneumocystic carinii: successful diagnosis and treatment of two patients with associated malignant process (ab), 458
staphylococcal, and empyema in childhood, 103
Polyarteritis nodosa, arteriography in (ab), 227
Pontine arteries in vertebral angiography, 296
Porencephaly, traumatic, skull erosion complicating, in infancy, 129
Portal vein, bronchopulmonary sequestration with venous drainage to, 118
Preliminary Program; Seventieth Annual Meeting of American Roentgen Ray Society, 659
Primate lung, transplanted, roentgenographic appearance of; autotransplanted lung, 563
Prostatic urethra, diverticulum of, developing postoperatively from stump of congenital rectourethral fistula, 211
Protrusio acetabuli, measurement of progression in, 506
Pseudocoarctation of aorta associated with congenital heart disease: report of ten cases, 1
Pseudoxanthoma elasticum (PXE), roentgen findings in, 642
Pterygium, cellular changes in conjunctiva after strontium 90 treatment for, 848
Pulmonary angiography with external cardiac compression in fatal pulmonary embolism (ab), 911
arteriography: simple method for demonstration of clinically significant pulmonary emboli, 558
blood flow, regional, in cystic fibrosis, 567
circulation, abnormal, angiographic demonstration of systemic arterial supply in, 70
complications resulting from intermittent positive pressure ventilation (I.P.P.V.), radiological aspects of (ab), 457
emboli, clinically significant, simple method for demonstration of; pulmonary arteriography, 558
emboli, radioactive, origin and evolution of, in man (ab), 231
embolism, acute major, streptokinase therapy in: effectiveness and problems (ab), 458
embolism, fatal (ab), 459
embolism, radioisotopic *versus* ultrasonic testing for, 766
fibroplasia following prolonged artificial ventilation of newborn infants (ab), 911
microembolism, scintigraphic findings in, 778
photoscan-roentgenographic comparisons in sarcoidosis, 770
regurgitation with ventricular septal defect and pulmonic stenosis—tetralogy of Fallot variant, 42
sporotrichosis (ab), 457
thromboembolism with urokinase, angiographic observations on treatment of, 576
valve, congenital absence of: report of eight cases with review of literature, 58
Pulmonic stenosis, pulmonary regurgitation with ventricular septal defect and—tetralogy of Fallot variant, 42
Pyelography, retrograde, absorption of contrast material from urinary tract during (ab), 680
Pyloric mucosal diaphragm, adult (ab), 678

Quigley, Daniel Thomas, M.D., 1876–1968 (E), 447

Radiation abortion in radiotherapy (ab), 229
dosage for each type: benign giant-cell tumor of bone (ab), 228
nephritis (ab), 230
protection of vital organs, using selective arterial catheter; experimental and clinical aspects, 841
therapy and autoimmune disease (ab), 229
therapy of brachial plexus syndrome from breast cancer (ab), 227
Radioactive pulmonary emboli in man, origin and evolution of (ab), 231
Radiographic screen-film systems, some aspects of square wave response function of, 650
Radiography, neutron, in biologic media; techniques, observations, and implications, 472
Radioisotope angiography, intravenous, using $^{113}$InFe DTPA-ascorbic acid (ab), 461
renograms, prognostic value of, in kidney transplantation (ab), 681

Radioisotopes in malignancies in children: use in study of involvement by primary and metastatic processes in brain and liver (ab), 688
Radioisotopic *versus* ultrasonic testing for pulmonary embolism, 766
Radiological observation on alveolar soft-part sarcoma complicated by trauma and myositis ossificans (ab), 687
Radionuclide localization, accurate, of placenta, intravaginal markers for, 787
Radiostrontium, scintigraphy with, in osteodystrophy of Paget (ab), 688
Radiotherapy and immunizing phenomena in evolution of Ehrlich's tumor (ab), 687
of malignant intrathoracic tumors, electrocardiographic study of cardiac damage secondary to (ab), 230
radiation abortion in (ab), 229
Rectourethral fistula, congenital, diverticulum of prostatic urethra developing postoperatively from stump of, 211
Renal abnormalities, valuable indicator of: nephrogram, 614
angiography with adrenalin; possibilities of pharmacoangiography (ab), 680
insufficiency, intravenous urography in, 623
Renograms, radioisotope, prognostic value of, in kidney transplantation (ab), 681
Rheumatoid Arthritis, lungs in (ab), 912
new acid mucopolysaccharidosis with skeletal deformities simulating, 121
Rib notching, fate of, after correction of aortic coarctation, 21
superior marginal defects; etiologic classification, 491
Roentgen findings in extramedullary hematopoiesis, 604
in pseudoxanthoma elasticum (PXE), 642
Roentgenogram, pediatric, fissure lines in, 109
Roentgenographic appearance of transplanted primate lung; autotransplanted lung, 563
manifestations of hereditary peripheral dysostosis, 178
technique, spot film; selective coronary arteriography, 536
Roentgenologic features of hemoperitoneum in newborn, 193
manifestations of malignant tumors of nasopharynx, 813
manifestations of osteonecrosis, 509
Roentgenologically, intrapulmonary lymph node detected; case report, 601
ROHRAD-area curves in treatment planning, 854

$Sn^{113}$—$In^{113m}$ generator, sterile, preparation and testing of, 745
Sarcoidosis, pulmonary photoscan-roentgenographic comparisons in, 770
Sarcoma, alveolar soft-part, radiological observation on, complicated by trauma and myositis ossificans (ab), 687
Scan, two roles of, in diagnosis of cerebral tumors (ab), 688
Scanning, brain, appearance of transverse sinuses by, 340
brain, diagnosis of Dandy-Walker cyst by, 344
brain, perfusion $I^{131}$ macroaggregate; clinical evaluation of its diagnostic efficiency, 333
brain, routine, vertex view in, 347
brain, serial, with technetium 99m and scintillation camera, 708
tumor, with $^{67}Ga$ citrate (ab), 689
Scans, "brain," positive, in fibrous dysplasia and other lesions of skull, 731
Scintigraphic findings in pulmonary microembolism, 778
Scintigraphy, computerized dynamic, of lungs (ab), 688
with radiostrontium in osteodystrophy of Paget (ab), 688
Scintillation camera, serial brain scanning with technetium 99m and, 708
Scintiscanning, liver and spleen, with indium 113m; clinical pathologic correlation, 739
Scintiscans, TV system for data blending and contrast enhancement of, 871
Screen-film system, radiographic, some aspects of square wave response function of, 650
Seldinger technique and abdominal diseases, with emphasis on; arteriography in infants and children, 81
Septal defect, ventricular, and pulmonic stenosis, pulmonary regurgitation with—tetralogy of Fallot variant, 42
associated with aortic insufficiency, 32
Sequestrum formation in fibrous dysplasia, 162
Serum thyroxine iodine, simplification of determination of, by competitive binding analysis, 791
Seventieth Annual Meeting of American Roentgen Ray Society (E), 656
Instruction Courses of (E), 880
Preliminary Program, 659
Sickle-cell anemia and its genetic variants, necrosis of femoral head associated with: review of literature and study of thirteen cases (ab), 684
Sigmoidoscope reach, how far does?—radiologic evaluation (ab), 914
Sinuses, transverse, appearance of, by brain scanning, 340
Skeletal deformities, new acid mucopolysaccharidosis with, simulating rheumatoid arthritis, 121
imaging, rare earth nuclides as potential agents for (ab), 460
Skull erosion complicating traumatic porencephaly in infancy, 129

positive "brain" scans in fibrous dysplasia and other lesions of, 731
SPINAL cord compression, initial high dose irradiation for metastases causing, in children, 385
cords, x-irradiated, alterations in blood vessels in, of young rats (ab), 687
involvement, contribution to problem of; multiple epiphyseal dysplasia, 170
SPINE, lumbar, densitometry, methodology and results in relation to menopause (ab), 680
lumbosacral, congenital absence of (ab), 685
SPLANCHNIC CIRCULATION OF RABBIT AFTER LIGATION OF SUPERIOR MESENTERIC ARTERY, EXPERIMENTAL STUDIES OF; I: angiographic and physiologic studies, 691
II: radionuclide tracer studies, 808
SPLEEN and liver scintiscanning with indium 113m; clinical pathologic correlation, 739
SPLENORENAL shunt, abnormal left kidney following, 92
SPONDYLOTHORACIC dysplasia—syndrome of congenital anomalies, 166
SPOROTRICHOSIS, pulmonary (ab), 457
SQUAMOUS CELL carcinomas, Stages I and II of cervix on intact uterus, analysis of central recurrent disease in, 831
SQUARE WAVE response function of radiographic screen-film systems, some aspects of, 650
STAPHYLOCOCCAL pneumonia and empyema in childhood, 103
STENOSIS, pulmonic, pulmonary regurgitation with ventricular septal defect and—tetralogy of Fallot variant, 42
STREPTOKINASE therapy in acute major pulmonary embolism: effectiveness and problems (ab), 458
STRONTIUM 90 treatment for pterygium, cellular changes in conjunctiva after, 848
SUPERIOR MESENTERIC ARTERY, EXPERIMENTAL STUDIES OF SPLANCHNIC CIRCULATION OF RABBIT AFTER LIGATION OF; I: angiographic and physiologic studies, 691
II: radionuclide tracer studies, 808
SYNDACTYLISM,-craniosynostosis, 144
SYNDROME, brachial plexus, from breast cancer, radiation therapy of (ab), 227
Conn's, significance of selective adrenal arteriography in diagnosis of (ab), 683
SYNOVIUM, fibrous xanthoma of, (giant-cell tumor of tendon sheath, pigmented nodular synovitis) (ab), 685

TECHNETIUM 99m and scintillation camera, serial brain scanning with, 708
TELEVISION fluorodensitometry, application of: rapid blood flow rate analysis during routine selective arteriography, 591
TEMPORAL artery, superficial, traumatic arteriovenous fistula of: report of case, 279
TETRALOGY OF FALLOT: angiocardiographic diagnosis compared with surgical findings (ab), 913
variant—pulmonary regurgitation with ventricular septal defect and pulmonic stenosis, 42
THROMBOCYTOPENIA, acute changes with transient leukopenia and: liver irradiation in children, 750
and hypofibrinogenemia, giant hemangioendothelioma with, 204
THROMBOEMBOLISM, pulmonary, with urokinase, angiographic observations on treatment of, 576
THROMBUS, calcification in inferior vena cava; specific roentgenologic entity, 97
THYROXINE iodine, serum, simplification of determination of, by competitive binding analysis, 791
TOMOGRAPHY, cycloidal, of temporal bone (ab), 456
of optic canal, 530
TRICUSPID annulus, calcification of, 550
TUBEROUS sclerosis, orthopedic problems associated with (ab), 683
TV SYSTEM for data blending and contrast enhancement of scintiscans, 871

ULCER, gastric, mortality from gastric cancer and other causes after medical or surgical treatment for (ab), 229
ULNAR drift, report of related finding (ab), 227
ULTRASONIC carotid echoarteriography, 282
testing *versus* radiosiotopic for pulmonary embolism, 766
UMBILICAL vein, hepatography by catheterization of (ab), 915
URETHRA, congenital anomalies of (ab), 681
injuries to (ab), 681
prostatic, diverticulum of, developing postoperatively from stump of congenital rectourethral fistula, 211
traumatic stricture of (ab), 682
URINARY and digestive tracts, importance of radiologic examination of, in gynecologic tumors (ab), 679
tract anomalies in children with congenital heart disease, 52
tract, absorption of contrast material from, during retrograde pyelography (ab), 680
UROGRAPHY, intravenous, in renal insufficiency, 623
UROKINASE, angiographic observations on treatment of pulmonary thromboembolism with, 576
UTEROSALPINGOGRAPHIES, experience with over 2,000, 463
UTERUS, intact, analysis of central recurrent disease in Stages I and II squamous cell carcinomas of cervix on, 831
UTRICLE, giant cyst of (ab), 683

VACUUM chest unit, semi-automatic, 648

Vagotomy, esophageal complications of (ab), 459
Vascular complications of orthopedic surgery (ab), 684
Venacavography, inferior, new techniques for (ab), 685
Venography, jugular, 303
Venous drainage, bronchopulmonary sequestration with, to portal vein, 118
thrombosis of legs, detection of using $^{125}$I-labelled fibrinogen (ab), 460
Ventricle, left, thickness of lateral wall of, in congenital heart disease; angiocardiographic determination, 24
Ventricular septal defect and pulmonic stenosis, pulmonary regurgitation with,—tetralogy of Fallot variant, 42
associated with aortic insufficiency, 32
Vertebral angiography, pontine arteries in, 296
Ventricles, midline, some observations on: extraventricular (communicating) hydrocephalus, 308
Ventricular fluid levels, movements of, due to cerebrospinal fluid formations, 354
Vertex view in routine brain scanning, 347
View box, automatic, 218
Visceral and lymphatic irradiation from endolymphatic infusion in rabbit, 700
arteriography, selective, hemangiomata demonstrated by: severe gastrointestinal hemorrhage (ab), 678

Xanthoma, fibrous, of synovium (giant-cell tumor of tendon sheath, pigmented nodular synovitis) (ab), 685
X-ray density changes in human heel during bed rest, 486

Yoshida ascites cells, prevention of abdominal metastases after intraperitoneal injection of: use of new colloidal $^{32}$P-chromic phosphate (ab). 461

# CONTENTS OF VOLUME 106

MAY, 1969, NUMBER 1

Pseudocoarctation of the Aorta Associated with Congenital Heart Disease: Report of Ten Cases. *Israel Steinberg, M.D., Mary Allen Engle, M.D., George R. Holswade, M.D., and Jack W. C. Hagstrom, M.D.* ..... 1

Fate of Rib Notching after Correction of Aortic Coarctation. *Charles A. Gooding, M.D., Morton G. Glickman, M.D., and Melvin J. Suydam, M.D.* ..... 21

The Thickness of the Lateral Wall of the Left Ventricle in Congenital Heart Disease; Angiocardiographic Determination. *F. A. Hernandez, M.D., and A. Castellanos, M.D.* ..... 24

Ventricular Septal Defect Associated with Aortic Insufficiency. *Victor Deutsch, M.D., Leonard C. Blieden, M.D., Yonel Kraus, M.D., Joseph H. Yahini, M.D., and Henry N. Neufeld, M.D.* ..... 32

Pulmonary Regurgitation with Ventricular Septal Defect and Pulmonic Stenosis—Tetralogy of Fallot Variant. *Robert E. Durnin, M.D., Richard Willner, M.D., Shyama Virmani, M.D., Tsun-Yee Lawrence, M.D., and Donald C. Fyler, M.D.* ..... 42

Urinary Tract Anomalies in Children with Congenital Heart Disease. *Harry Newman, M.D., Marian E. Molthan, M.D., and William F. Osborn, M.D.* ..... 52

Congenital Absence of the Pulmonary Valve: Report of Eight Cases with Review of the Literature. *Mazloum Z. Osman, M.D., C. C. Laura Meng, M.D., and Bertram R. Girdany, M.D.* ..... 58

Angiographic Demonstration of Systemic Arterial Supply in Abnormal Pulmonary Circulation. *Erik Boijsen and Takahiro Kozuka* ..... 70

Arteriography in Infants and Children; With Emphasis on the Seldinger Technique and Abdominal Diseases. *Robert A. Nebesar, M.D., Donald J. Fleischli, M.D., James J. Pollard, M.D., and N. Thorne Griscom, M.D.* ..... 81

Abnormal Left Kidney Following Splenorenal Shunt. *Leon Satran, M.D., Kurt Amplatz, M.D., Justin J. Wolfson, M.D., Arnold S. Leonard, M.D., and Harvey L. Sharp, M.D.* ..... 92

Thrombus Calcification in the Inferior Vena Cava; A Specific Roentgenologic Entity. *Norman R. Silverman, M.D., Patricia F. Borns, M.D., Allen H. Goldstein, M.D., Roy R. Greening, M.D., and John W. Hope, M.D.* ..... 97

Staphylococcal Pneumonia and Empyema in Childhood. *J. H. Highman* ..... 103

Fissure Lines in the Pediatric Roentgenogram. *William J. Bean, M.D., R. Bruce Jordon, M.D., H. Gentry, M.D., and Charles M. Nice, Jr., M.D., Ph.D.* ..... 109

Empyema in Childhood Followed Roentgenographically: Decortication Seldom Needed. *Phillip L. Smith, M.D., and Barry Gerald, M.D.* ..... 114

Bronchopulmonary Sequestration with Venous Drainage to the Portal Vein. *W. H. Shuford, M.D., and R. G. Sybers, M.D., Ph.D.* ..... 118

A New Acid Mucopolysaccharidosis with Skeletal Deformities Simulating Rheumatoid Arthritis. *Patricia Winchester, M.D., Herman Grossman, M.D., Wan Ngo Lim, M.D., and B. Shannon Danes, M.D., Ph.D* ..... 121

Skull Erosion Complicating Traumatic Porencephaly in Infancy. *Hugh J. Williams, M.D.* ..... 129

Cellulitis with Underlying Inflammatory Periostitis of the Mandible. *Melvin J. Suydam, M.D., and Victor G. Mikity, M.D.* ..... 133

Cherubism—Hereditary Fibrous Dysplasia of the Jaws; Roentgenographic Features. *Eugene A. Cornelius, M.D., Ph.D., and James L. McClendon, D.D.S.* ..... 136

Craniosynostosis-Syndactylism. *Enrique Palacios, M.D., and R. Neil Schimke, M.D.* ..... 144

Metatropic Dwarfism. *James H. Larose, M.D., and Brit G. Gay, Jr., M.D.* ..... 156

Sequestrum Formation in Fibrous Dysplasia. *Avery D. Pratt, M.D., Benjamin Felson, M.D., Jerome F. Wiot, M.D., and Milton Paige, M.D.* ..... 162

Spondylothoracic Dysplasia—A Syndrome of Congenital Anomalies. *John E. Moseley, M.D., and Richard J. Bonforte, M.D.* ..... 166

Multiple Epiphyseal Dysplasia; A Contribution to the Problem of Spinal Involvement. *J. Thomas Hulvey, M.D., and Theodore Keats, M.D.* ..... 170

Roentgenographic Manifestations of Hereditary Peripheral Dysostosis. *David S. Newcombe, M.D., and Theodore E. Keats, M.D.* ..... 178

The Acetabular Angle in Human Fetuses. *Saul Levin and Gershon Gitlin* ..... 190

The Roentgenologic Features of Hemoperitoneum in the Newborn. *Sidney Cywes, M. Med. (Surg.), and Bryan J. Cremin, D.R.C.O.G.* ..... 193

Infantile Hepatic Hemangioendothelioma. *Albert C. Selke, M.D., and Steven H. Cornell, M.D.* ..... 200

Giant Hemangioendothelioma with Thrombocytopenia and Hypofibrinogenemia. *Oscar K. Williams, M.D., Frederick W. Van Buskirk, M.D., Stanley Burns, M.D., and R. W. Paul Mellish, M.D.* ..... 204

Ganglioneuroblastoma: Angiographic-Histologic Correlation. *Howard J. Mindell, M.D., and Edward A. Kupic, M.D.* ... 208
Diverticulum of Prostatic Urethra Developing Postoperatively from Stump of Congenital Rectourethral Fistula. *Guido Currarino, M.D.* ... 211
Multiple Purpose Head Holder. *Jacob Spira, Ph.D., and Paul Plazeski, R.T.* ... 216
Automatic View Box. *Patrick A. Lynch, M.D.* ... 218
Officers ... 221
Editorial
Pediatric Radiology—Its Relationship to General Radiology. *John A. Kirkpatrick, Jr., M.D.* ... 222
News Items ... 224
Abstracts of Radiological Literature ... 226

JUNE, 1969, NUMBER 2

Multiple Progressive Intracranial Arterial Occlusions: A Syndrome of Children and Young Adults; Caldwell Lecture, 1968. *Juan M. Taveras, M.D.* ... 235
An Unusual Complication of Cerebral Angiography. *N. M. Sheiner, F.R.C.S.(C), H. Sigman, F.R.C.S.(C), I. Libman, F.R.C.P.(C), and M. J. Palayew, F.R.C.P.(C)* ... 269
Anatomic Variation of the Height of the Falx Cerebri; Its Relationship to Displacement of the Anterior Cerebral Artery in Frontal Space-Occupying Lesions. *F. Galligioni, R. Bernardi, and S. Mingrino* ... 273
Traumatic Arteriovenous Fistula of the Superficial Temporal Artery; Report of a Case. *John P. Jimenez, M.D., and John A. Goree, M.D.* ... 279
Ultrasonic Carotid Echoarteriography. *Charles P. Olinger, M.D.* ... 282
The Pontine Arteries in Vertebral Angiography. *Trygve O. Gabrielsen, M.D., and Per Amundsen, M.D.* ... 296
Jugular Venography. *Steven H. Cornell, M.D.* ... 303
Extra-Ventricular (Communicating) Hydrocephalus: Some Observations on the Midline Ventricles. *T. El Gammal, M.B.* ... 308
Lucent Unilateral Supratentorial Dermoid Cyst; Report of an Unusual Case. *Carl J. Zylak, M.D., Arthur E. Childe, M.D., R. T. Ross, M.D., and Dwight Parkinson, M.D.* ... 329
Perfusion $I^{131}$ Macroaggregate Brain Scanning; A Clinical Evaluation of Its Diagnostic Efficiency. *Dr. Santos Briz Kanafani, and Dr. Gustavo Lazos Constantino* ... 333
Appearance of the Transverse Sinuses by Brain Scanning. *Richard A. Holmes, M.D., and Rogelio Golle, M.D.* ... 340
The Diagnosis of Dandy-Walker Cyst by Brain Scanning. *Donald Traicoff, M.D., and Fred S. Mishkin, M.D.* ... 344
The Vertex View in Routine Brain Scanning. *Richard A. Holmes, M.D., with the technical assistance of Wendy A. North, M.I.R. (Australasia)* ... 347
Movements of Ventricular Fluid Levels Due to Cerebrospinal Fluid Formation. *Michael D. F. Deck, M.B., and D. Gordon Potts, M.D.* ... 354
A Cinemyelographic Study of Cerebrospinal Fluid Dynamics. *Olaf Gilland, M.D., Frederic Chin, M.D., W. Bruce Anderson, M.D., and James R. Nelson, M.D.* ... 369
Carotid Cavernous Fistula Presenting As a Nasopharyngeal Mass. *June DeBoer Unger, M.D., George F. Unger, M.D., and Demetrio Nora, M.D.* ... 376
Intrathoracic Meningocele. *Jack Edeiken, M.D., K. Francis Lee, M.D., and Herman Libshitz, M.D.* ... 381
Initial High Dose Irradiation for Metastases Causing Spinal Cord Compression in Children. *M. Tefft, M.D., Anna Mitus, M.D., and M. D. Schulz, M.D.* ... 385
The Arteriographic Evaluation of Military Vascular Trauma. *Richard P. Sacks, M.D., (Maj., MC, USA)* ... 394
Arteriography of the Extremities; With an Analysis of the Occlusive Diseases of the Arteries in the Lower Extremities. *Soji Suzuki, M.D.* ... 400
Clinical Experiences with a New Type of Contrast Medium in Peripheral Arteriography. *Lars Björk, M.D., Uno Erikson, M.D., and Björn Ingelman, Ph.D., M.D.* ... 418
Studies in the Prevention of Complications of Angiography. *Per H. Langsjoen, M.D., and Edward B. Best, M.D.* ... 425
Ketamine: A New Anesthetic for Use in Pediatric Neuroroentgenologic Procedures. *Gabriel H. Wilson, M.D., Nicholas A. Fotias, M.D., and John B. Dillon, M.D.* ... 434
A New Head Positioning Device for Cerebral Angiography and Pneumoencephalography. *K. Francis Lee, M.D.* ... 440
Officers ... 442

Editorials
Fifty-first Annual Meeting of the American Radium Society. *Harry Hauser, M.D.* ... 443
Daniel Thomas Quigley, M.D., 1876–1968. *Howard B. Hunt, M.D.* ... 447
News Items ... 449
Book Reviews ... 452
Books Received ... 453
Abstracts of Radiological Literature ... 455

JULY, 1969, NUMBER 3

Experience with Over 2,000 Uterosalpingographies. *Tom M. Fullenlove, M.D.* ... 463
Neutron Radiography in Biologic Media; Techniques, Observations, and Implications. *Mark Brown, M.D., and Paul B. Parks, Ph.D.* ... 472
X-Ray Density Changes in the Human Heel During Bed Rest. *George P. Vose, M.S., and Lewis M. Hurxthal, M.D.* ... 486
Superior Marginal Rib Defects; An Etiologic Classification. *E. Nicholas Sargent, M.D., A. Franklin Turner, M.D., and George Jacobson, M.D.* ... 491
The Measurement of Progression in Protrusio Acetabuli. *M. J. S. Hubbard, M.B.* ... 506
Roentgenologic Manifestations of Osteonecrosis. *William Martel, M.D., and Brooks H. Sitterley, M.D.* ... 509
Atrophic Arthropathy and Diabetic Neuritis. *Gerhart S. Schwarz, M.D., Magdalena R. Berenyi, M.D., and Martin W. Siegel, M.D.* ... 523
Tomography of the Optic Canal. *Guy D. Potter, M.D., and Stephen Trokel, M.D.* ... 530
Selective Coronary Arteriography; A Spot Film Roentgenographic Technique. *Frank R. Begg, M.D., Mohammed A. Kooros, M.D., and Don L. Fisher, M.D.* ... 536
Congenital Absence of the Pericardium; A Review of the Literature with Demonstration of a Previously Unreported Fluoroscopic Finding. *Lester B. Glover, M.D., Alberto Barcia, M.D., and T. Joseph Reeves, M.D.* ... 542
Calcification of the Tricuspid Annulus. *James V. Rogers, Jr., M.D., Neal W. Chandler, M.D., and Robert H. Franch, M.D.* ... 550
Pulmonary Arteriography: A Simple Method for Demonstration of Clinically Significant Pulmonary Emboli. *Klaus Ranniger, M.D.* ... 558
Roentgenographic Appearance of the Transplanted Primate Lung; The Autotransplanted Lung. *S. H. Tsai, M.D., Orn Arnar, M.D., and John J. Haglin, M.D.* ... 563
Regional Pulmonary Blood Flow in Cystic Fibrosis. *Michael T. Gyepes, M.D., Leslie R. Bennett, M.D., and Patricia C. Hassakis, M.D.* ... 567
Angiographic Observations on the Treatment of Pulmonary Thromboembolism with Urokinase. *Robert N. Cooley, M.D., Michael D. Howard, M.D., William J. deGroot, M.D., Kenneth J. Dickie, M.D., and M. Mason Guest, Ph.D.* ... 576
Rapid Blood Flow Rate Analysis During Routine Selective Arteriography: An Application of Television Fluorodensitometry. *Norman R. Silverman, M.D., J. Haynes Heslep, M.D., R. Greening, M.D., John D. Wallace, A. B., Rudolph Nerlinger, E.E., and Richard Padula, M.D.* ... 591
A New Method for Cardiac Pacemaker Insertion. *Richard B. Hoffman, M.D., and Stephen Sokol, M.D.* ... 597
Intrapulmonary Lymph Node Detected Roentgenologically; Case Report. *Kenneth E. Fellows, Jr., M.D., Murray R. Abell, M.D., and William Martel, M.D.* ... 601
Roentgen Findings in Extramedullary Hematopoiesis. *Paul Ross, M.B., and Wende Logan, M.D.* ... 604
The Nephrogram: A Valuable Indicator of Renal Abnormalities. *Filemon A. Lopez, M.D., Wilhelm Z. Stern, M.D., Stanley S. Siegelman, M.D., and Harold G. Jacobson, M.D.* ... 614
Intravenous Urography in Renal Insufficiency. *Richard E. Fulton, M.D., David M. Witten, M.D., and Richard D. Wagoner, M.D.* ... 623
Arteriography of Adrenal Neoplasms. *Ralph J. Alfidi, M.D., Wilfrid M. Gill, Jr., M.D., and Howard J. Klein, M.D.* ... 635
Roentgen Findings in Pseudoxanthoma Elasticum (PXE). *A. Everette James, Jr., M.D., S. Boyd Eaton, M.D., James V. Blazek, M.D., Martin W. Donner, M.D., and Robert J. Reeves, M.D.* ... 642
A Semi-Automatic Vacuum Chest Unit. *Kurt Amplatz, M.D.* ... 648
Some Aspects of the Square Wave Response Function of Radiographic Screen-Film Systems. *G. Lubberts, M.S.* ... 650
Officers ... 655
Editorial
The Seventieth Annual Meeting of the American Roentgen Ray Society. *James C. Cook, M.D.* ... 656

Seventieth Annual Meeting of the American Roentgen Ray Society; Preliminary Program ..... 659
International Commission on Radiological Protection (ICRP) ..... 663
News Items ..... 664
Book Reviews ..... 666
Books Received ..... 668
Society Proceedings ..... 670
Abstracts of Radiological Literature ..... 676

AUGUST, 1969, NUMBER 4

Experimental Studies of the Splanchnic Circulation of the Rabbit After Ligation of the Superior Mesenteric Artery; I: Angiographic and Physiologic Studies. *Frederick J. Bonte, M.D., George C. Curry, M.D., and Robert W. Parkey, M.D.* ..... 691
Lymphatic and Visceral Irradiation from Endolymphatic Infusion in the Rabbit. *Reginald Lord, M.D., Judith I. Gaunt, B.Sc., and J. B. Kinmonth, M.S.* ..... 700
Serial Brain Scanning with Technetium 99m and Scintillation Camera. *Jyoji Handa, M.D., Sachio Nabeshima, M.D., Hajime Handa, M.D., Ken Hamamoto, M.D., Tadako Kousaka, and Kanji Torizuka, M.D.* ..... 708
Isotope Encephalography with Cholografin $I^{131}$. *Victor J. Fish, M.D., W. H. Marshall, Jr., M.D., and Gerald L. De Nardo, M.D.* ..... 724
Positive "Brain" Scans in Fibrous Dysplasia and Other Lesions of the Skull. *Stephen A. Kieffer, M.D., and Merle K. Loken, M.D.* ..... 731
Liver and Spleen Scintiscanning with Indium 113m; A Clinical Pathologic Correlation. *E. James Potchen, M.D., and Mustafa Adatepe, M.D.* ..... 739
Preparation and Testing of a Sterile $Sn^{113}$—$In^{113m}$ Generator. *Lelio G. Colombetti, Sc.D., David A. Goodwin, M.D., and Robert L. Hinkley* ..... 745
Liver Irradiation in Children: Acute Changes with Transient Leukopenia and Thrombocytopenia. *M. Tefft, M.D., D. Traggis, M.D., and R. M. Filler, M.D.* ..... 750
Radioisotopic Versus Ultrasonic Testing for Pulmonary Embolism. *L. Collins and J. Myhill* ..... 766
Pulmonary Photoscan-Roentgenographic Comparisons in Sarcoidosis. *Elaine M. Shibel, M.D., Gennaro M. Tisi, M.D., and Kenneth M. Moser, M.D.* ..... 770
Scintigraphic Findings in Pulmonary Microembolism. *S. Boyd Eaton, M.D., A. Everette James, M.D., Majic S. Potsaid, M.D., and Felix G. Fleischner, M.D.* ..... 778
Intravaginal Markers for Accurate Radionuclide Localization of the Placenta. *Leonard Rosenthall, M.D.* ..... 787
Simplification of Determination of Serum Thyroxine Iodine by Competitive Binding Analysis. *Martin L. Nusynowitz, LtC, MC, USA and Jerome Waliszewski* ..... 791
Marrow Cell Injury Following $Ca^{45}$ Uptake in Bone: Changes in Marrow and Peripheral Blood Cellularity. *Sam C. Barranco, Roland F. Beers, Jr., and Timothy Merz* ..... 794
Changes in the Marrow Cell Cycle Time Following Deposition of $Ca^{45}$ in Bone. *Sam C. Barranco, Stephen B. Doty and Timothy Merz* ..... 802
Experimental Studies of the Splanchnic Circulation of the Rabbit After Ligation of the Superior Mesenteric Artery. II: Radionuclide Tracer Studies. *Frederick J. Bonte, M.D., Robert W. Parkey, M.D., and George C. Curry, M.D.* ..... 808
Roentgenologic Manifestations of Malignant Tumors of the Nasopharynx. *W. Eugene Miller, M.D., Colin B. Holman, M.D., Malcolm B. Dockerty, M.D., and Kenneth D. Devine, M.D.* ..... 813
Treatment of Cancer of the Nasal Cavity. *A. O. Badib, M.D., S. S. Kurohara, M.D., J. H. Webster, M.D., and D. P. Shedd, M.D.* ..... 824
Analysis of Central Recurrent Disease in Stages I and II Squamous Cell Carcinomas of the Cervix on Intact Uterus. *Fred Y. Durrance, M.D., Gilbert H. Fletcher, M.D., and Felix N. Rutledge, M.D.* ..... 831
Irradiation of the Male Breast to Prevent Hormone Produced Gynecomastia. *Jaime G. Corvalan, M.D., Wilfrid M. Gill, Jr., M.D., Thomas A. Egleston, M.D., and Antonio Rodriguez-Antunez, M.D.* ..... 839
Radiation Protection of Vital Organs, Using a Selective Arterial Catheter; Experimental and Clinical Aspects. *Richard J. Steckel, M.D., Peter Tobin, M.D., Gordon Ross, M.D., Justin J. Stein, M.D., and Gary H. Stevens, M.D.* ..... 841
Cellular Changes in the Conjunctiva After Strontium 90 Treatment for Pterygium. *Eddy C. K. Tong, M.D., Milton M. Zaret, M.D., and Sidney Rubenfeld, M.D.* ..... 848
Rohrad-Area Curves in Treatment Planning. *James C. Carlson, M.S.* ..... 854
The Diagnostic Problems of Isolated, Circumscribed Breast Tumors. *J. Gershon-Cohen, M.D., and Samuel Schorr, M.D.* ..... 863

A TV System for Data Blending and Contrast Enhancement of Scintiscans. *George J. Hertsch, Mattie L. Melton and Richard T. Mooney* ... 871
Uses of Desk Computers in Nuclear Medicine. *Lelio G. Colombetti, Sc.D., Richard W. Horner, B.A., and James J. Kellner, R. T.* ... 874

# SUBJECT INDEX TO VOLUME 107

(ab) = abstract (E) = editorial

Abdominal aorta, injury of: seatbelt injury (ab), 692
emergencies, percutaneous selective arteriography in, 803
Abscess, lesser sac, complication of: colon bacillus pneumonia, 300
Alveolitis, fibrosing; desquamative interstitial pneumonia and idiopathic diffuse pulmonary fibrosis; with their advanced final stages as "muscular cirrhosis of lung" (diffuse bronchiolectasis with muscular hyperplasia), 258
Amebic hepatic abscess, plain film roentgen diagnosis of, 47
American Roentgen Ray Society, Seventieth Annual Meeting of (E), 885
A-mode ultrasound, some observations on practical uses of, 198
Aneurysm of ascending aorta simulating right atrial dilatation, 400
Aneurysms, traumatic, and traumatic arteriovenous fistulae (ab), 693
Anger camera, scintillation, and xenon 133, use of, in study of chronic obstructive lung disease (ab), 919
Angiocardiographic and radiographic study, persistent truncus arteriosus, 827
Angiocardiography and thoracic aortography, clinical experience with new type of contrast medium in, 848
radioisotopic, diagnosis of pericardial effusion by (ab), 919
$Tc^{99m}$ pertechnetate, in diagnosis of superior mediastinal masses and pericardial effusions, 404
Angiographic changes during digestion, 191
demonstration of surgically important vascular variations (ab), 692
diagnosis of benign and malignant tumors of thyroid (ab), 679
evaluation in external arteriovenous shunt management, 434
features of fourth ventricle tumors with special reference to posterior inferior cerebellar artery, 543
features of organizing splenic hematoma (?hamartoma), 430
findings in pancreatitis, 56
investigation of hypertension complicating human renal transplantation (ab), 227
study of effect of arfonad on renal vascularity in dog, 711
study on vertebral artery in cases of deformities of occipitocervical joint, 526
Angiography, cerebral, appraisal of current techniques for, 626
cerebral, normal and pathologic, superficial sylvian vein in, 565
cerebral, serial direct magnification; theoretical aspects, 616
hemolysis and hemoglobinuria following (ab), 691
injector for moving table-top, of pelvis and lower extremities, 854
of hemorrhage, 181
selective, in tumors of head of pancreas without icterus (ab), 225
Angiopneumography, isotope imaging, and differential bronchospirometry, comparative evaluation of pulmonary function by (ab), 694
Aorta, ascending, aneurysm of, simulating right atrial dilatation, 400
Aortography, complete translumbar; teflon sleeve technique, 835
thoracic, and angiocardiography, clinical experience with new type of contrast medium in, 848
Arfonad, angiographic study of effect of, on renal vascularity in dog, 711
Arterial occlusions, chronic, treatment of, with streptokinase (ab), 460
Arteriography, bronchial and intercostal, in nonneoplastic pulmonary disease, 328
carotid, clinical experience with new type of, in carotid arteriography, 637
coronary, selective, by percutaneous femoral artery approach, 377
of pelvis and lower extremities with moving table technique, 860
of spinal cord, 461
percutaneous selective, in abdominal emergencies, 803
simplified femoral, device for, 866
temporal (ab), 679
Arteriosus, truncus, persistent: radiographic and angiocardiographic study, 827
Arteriovenous, external, shunt management, angiographic evaluation in, 434
fistulae, traumatic, and traumatic aneurysms (ab), 693
fistulas, traumatic renal, spontaneous closure of, 730
Arthritis, rheumatoid, juvenile, spinal cord lesions in (ab), 228
Astrocytoma-containing ovarian teratoma in childhood, 647
Astrocytomas, intramedullary, of spinal cord: clinical and radiological aspects (ab), 687
Atrial dilatation, right, aneurysm of ascending aorta simulating, 400

septal defects, large, normal chest roentgenogram in presence of, 322

Bacillus, colon, pneumonia: complication of lesser sac abscess, 300
Barium perforation of peptic ulcer and barium granuloma of colon: report of two rare complications in radiological examination (ab), 681
residual, in bowel, pseudoabnormal liver scans secondary to, 54
Bile duct, common, preoperative diagnosis of, entering duodenal diverticulum; case report, 43
ducts, filling defects on scintillation scans of liver associated with dilatation of, 37
Bilivistan, intravenous cholangiotomography with; report on new contrast medium for visualization of extrabiliary system, 14
Bladder, diverticula of, double contrast gas barium cystography in assessment of, 769
Blood flow and blood pressure, effect of contrast medium on, in lower extremities, 869
pulmonary, uneven distribution of, between left and right lungs in isolated valvular pulmonary stenosis, 343
Bone changes in acoustic neurinomas, 652
desmoplastic fibroma of (ab), 689
disease, suspected, strontium 85 scanning of (ab), 695
marrow, radionuclide imaging of (ab), 694
multiple lymphangioma of, chylopericardium with (ab), 916
Book Reviews:
A History of the American Board of Radiology, 1934–1964. By Edward L. Jenkinson, 215
Radiologic Technology. Fourth edition. By Charles A. Jacobi and Don Q. Paris, 215
An Atlas of Pathologic Pneumoencephalographic Anatomy. By Giovanni Di Chiro, with contributions by Mannie Schechter and Ingmar Wickbom, 448
Television in Diagnostic Radiology. By Robert D. Moseley, Jr., and John H. Rust, 668
Bowel, residual barium in, pseudoabnormal liver scans secondary to, 54
small, rapid intubation; wire guide and technique for Cantor tube insertion, 150
small, retroperitoneal encapsulation of; case report, 156
Breech delivery, laceration of spinal cord related to (ab), 687
Bronchial and intercostal arteriography in nonneoplastic pulmonary disease, 328
Bronchiolectasis, (diffuse with muscular hyperplasia), with their advanced final stages as "muscular cirrhosis of lung;" interstitial pneumonia and idiopathic diffuse pulmonary fibrosis; fibrosing alveolitis, 258
Bronchospirometry, differential, angiopneumography, and isotope imaging, comparative evaluation of pulmonary function by (ab), 694
Budd-Chiari syndrome with anomalous hepatic venous drainage: case report (ab), 693

Calcification, "ring-like" or "rim-like," in renal cell carcinoma, 737
ring-shaped renal, significance of (ab), 684
Cancer of lung, preclinical and asymptomatic, radiographic detection of (E), 440
of prostate, osseous metastases of: frequency of osteolytic forms (ab), 495
of uterine cervix, advanced, supervoltage radiation treatment in: preliminary report (ab), 916
Cannulation, lymphatic, improved technique of, for lymphography, experience with 300 cases, 877
Cantor tube insertion, wire guide and technique for; rapid small bowel intubation, 150
Capsule, remote-control intestinal, as studied by: site of iron absorption in gastrointestinal tract (ab), 694
Carbon dioxide contrast studies in retroperitoneal masses (ab), 686
Carcinoma, cloacogenic, 175
of esophagus simulating varices; case report, 83
renal cell, post-operative irradiation in treatment of (ab), 916
renal cell, "ring-like" or "rim-like" calcification in, 737
Carotid arteriography, clinical experience with new type of contrast medium in, 637
Catheters, distribution and dispersal of contrast-medium injected from, into vessels: study using ultra-short exposure radiography (ab), 690
Cerebellar artery, posterior inferior, angiographic features of fourth ventricle tumors with special reference to, 543
tonsillar herniation, association of, with basilar impression incident to Paget's disease, 535
Cerebral angiography, appraisal of current techniques for, 626
angiography, normal and pathologic, superficial sylvian vein in, 565
angiography, serial direct magnification; theoretical aspects, 616
phlebogram, deep, some observations on, in hydrocephalus due to supra- or subtentorial space-occupying lesions, 595
veins, spontaneous aseptic thrombosis of superior sagittal sinus and, 579
ventriculography, methylglucamine iothalamate 60 per cent for, 631
Cervical air myelography, practical approach to, 486
injuries, acute, myelography in; technical note, 491

pedicle, absent, syndrome; case in childhood, 505
spine, significance of "occult" fractures of, 493
Chest roentgenogram, normal, in presence of large atrial septal defects, 322
Childhood, astrocytoma-containing ovarian teratoma in, 647
case in; absent cervical pedicle syndrome, 505
portal hypertension in (ab), 692
Children, lung scanning in assessment of respiratory disease in, 313
Cholangiography, operative, value of, using image intensifier and television monitor (ab), 683
Cholangiotomography, intravenous, potentiated, 27
intravenous, with bilivistan; report on new contrast medium for visualization of extrabiliary system, 14
Cholecystoses, hyperplastic; new contribution to unitarian theory, 1
Chondrosarcoma, case of, with pulmonary and skeletal metastases after hemipelvectomy, successfully treated with $^{35}$S-sulfate (ab), 459
Chylopericardium with multiple lymphangioma of bone (ab), 916
"Cirrhosis, muscular, of lung," with their advanced final stages as, (diffuse bronchiolectasis with muscular hyperplasia); desquamative interstitial pneumonia and idiopathic diffuse pulmonary fibrosis; fibrosing alveolitis, 258
Clavicular cortex, width of, in osteoporosis (ab), 229
Cloacogenic carcinoma, 175
Collateral vessel supply, importance of, to internal mammary arteries in treatment of ischemic heart disease, 361
Colon bacillus pneumonia: complication of lesser sac abscess, 300
barium perforation of peptic ulcer and barium granuloma of: report of two rare complications in radiological examination (ab), 681
Condyloid foramen, so-called, in half axial view, 515
Contrast media, on adverse reactions to, and their incidence (E), 207
media, urographic, opacification of gallbladder by; reflection of alternate excretory pathway, 763
media, water-soluble nonabsorbable, production of pulmonary edema by aspiration of (ab), 681
medium, clinical experience with new type of, in angiocardiography and thoracic aortography, 848
medium, clinical experience with new type of, in carotid arteriography, 637
medium, distribution and dispersal of, injected from catheters into vessels: study using ultra-short exposure radiography (ab), 690
medium, effect of, on blood flow and blood pressure in lower extremities, 869
medium, new, for visualization of extrabiliary system, report on; intravenous cholangiotomography with bilivistan, 14
studies, carbon dioxide, in retroperitoneal masses (ab), 686
Coronary arteriography, selective, by percutaneous femoral artery approach, 377
Crohn's disease ("regional enteritis") of stomach, duodenum and small intestine, some interesting and unusual manifestations of, 86
Cushing's syndrome, skeletal changes in, and results of intrahypophyseal implantation of $Y^{90}$ (ab), 458
Cyst, neurenteric, of mediastinum, 641
Cystography, double contrast gas barium, in assessment of diverticula of bladder, 769
Cysts, iatrogenic intraspinal epidermoid sequestration (ab), 687
solitary occult retention, of pancreas (ab), 225

Deformities of occipitocervical joint, angiographic study on vertebral artery in cases of, 526
Deformity, pseudotumoral post-herniorrhaphy, 81
Diatrizoate, gallbladder visualization following injection of, 21
Digestion, angiographic changes during, 191
Disease, bone, suspected, strontium 85 scanning of (ab), 695
chronic obstructive lung, use of scintillation Anger camera and xenon 133 in study of (ab), 919
congenital heart, vascular abnormalities of left lower lobe of lung in, 351
Crohn's, ("regional enteritis") of stomach, duodenum and small intestine, some interesting and unusual manifestations of, 86
Graves's, unusual complication: raised intracranial pressure due to premature fusion of skull sutures (ab), 679
heart, ischemic, importance of collateral vessel supply to internal mammary arteries in treatment of, 361
nitrofurantoin lung; clues to pathogenesis, 818
non-neoplastic pulmonary, bronchial and intercostal arteriography in, 328
Paget's, association of cerebellar tonsillar herniation with basilar impression incident to, 535
peripheral venous, diagnosis of, with Doppler flowmeter (ab), 914
respiratory, lung scanning in assessment of, in children, 313
sickle cell; roentgenologic manifestations of urinary tract abnormalities in adults, 702
Diseases, glycogen storage, roentgenographic skeletal changes in, 840

DIVERTICULA of bladder, double contrast gas barium cystography in assessment of, 769
DIVERTICULUM, duodenal; preoperative diagnosis of common bile duct entering; case report, 43
of greater curvature of stomach; roentgenologic curiosity, 102
DOPPLER flowmeter, diagnosis of peripheral venous disease with (ab), 914
DUODENAL bulb, primary tumors of, 105
diverticulum, preoperative diagnosis of common bile duct entering; case report, 43
hematoma associated with pancreatitis, radiological signs of (ab), 225
DUODENOGRAPHY, "tubeless" hypotonic; technique, value and limitations, 119
DUODENUM, primary lymphomas of small intestine including; roentgen analysis of twenty-nine cases, 131
primary malignant tumors of, roentgenologic findings in; report of 27 cases, 111
stomach and small intestine, some interesting and unusual manifestations of Crohn's disease ("regional enteritis") of, 86
DWARFISM, diastrophic (ab), 231
low birthweight, with asymmetry (Silver's syndrome): treatment with human growth hormone (ab), 688
DYSPLASIA, osseous, rare (ab), 230
DYSRAPHISM, spinal, lipomatous invasion of spinal cord associated with: myelographic evaluation, 479

EDITORIALS:
On the Adverse Reactions to Contrast Media, and Their Incidence, 207
E. Walter Hall, M.D., 1893–1969, 209
Radiographic Detection of Preclinical and Asymptomatic Cancer of the Lung, 440
George T. Pack, M.D., 1898–1969, 443
Neuroradiology: Its Relationship to Other Professional Radiologic Services, 660
The Seventieth Annual Meeting of the American Roentgen Ray Society, 885
Edwin Charles Ernst, M.D., 1885–1969, 890

E. Walter Hall, M.D., 1893–1969 (E), 209
EDEMA, unilateral leg, migraine, and methysergide: clinical presentation of retroperitoneal fibrosis (ab), 226
EDWIN Charles Ernst, M.D., 1885–1969 (E), 890
ESOPHAGEAL varices, erection and detumescence of, 77
ESOPHAGUS, carcinoma of, simulating varices; case report, 83
ESTROGEN hormone stimulation, inhibiting effect of irradiation on gynecomastia induced by: experimental study, 917
ETHIODOL, extralymphatic extravasation of, during lymphography (ab), 916
EXHIBITS, scientific, 893
technical, 906
EXTRABILIARY system, report on new contrast medium for visualization of; intravenous cholangiotomography with bilivistan, 14
EXTREMITIES, LOWER, and pelvis, arteriography of, with moving table technique, 860
and pelvis, injector for moving table-top angiography of, 854
effect of contrast medium on blood flow and blood pressure in, 869

FACIAL paralysis, parotid swelling with: complication of intravenous urography (ab), 686
FEMORAL artery approach, percutaneous, selective coronary arteriography by, 377
arteriography, simplified, device for, 866
shaft, fatigue fracture of (ab), 457
FIBROMA, desmoplastic, of bone (ab), 689
FIBROMATOSIS, fascial, juvenile, of forearm with osseous involvement: report of case (ab), 230
FIBROSIS, idiopathic diffuse pulmonary, and desquamative interstitial pneumonia; with their advanced final stages as "muscular cirrhosis of lung" (diffuse bronchiolectasis with muscular hyperplasia); fibrosing alveolitis, 258
retroperitoneal, clinical presentation of: unilateral leg edema, migraine, and methysergide (ab), 226
retroperitoneal: extraretroperitoneal lesions; report of three unusual areas of involvement, 776
FILM, plain, roentgen diagnosis of amebic hepatic abscess, 47
FISTULAE and sinus tracts, roentgenologic demonstration of, 812
FISTULAS, traumatic renal arteriovenous, spontaneous closure of, 730
FOREARM, juvenile fascial fibromatosis of, with osseous involvement: report of case (ab), 230
FRACTURE, fatigue, of femoral shaft (ab), 457
FRACTURES, "occult," of cervical spine, significance of, 493

GALLBLADDER, opacification of, by urographic contrast media; reflection of alternate excretory pathway, 763
visualization following injection of diatrizoate, 21
GASTRO "conray" in radiological examination of gastrointestinal tract (ab), 682
GASTROINTESTINAL TRACT, gastro "conray" in radiological examination of (ab), 682
importance of roentgenologic diagnosis of aberrant pancreatic tissue in, 71
site of iron absorption in: as studied by remote-control intestinal capsule (ab), 694
GEORGE T. Pack, M.D., 1898–1969 (E), 443
GLYCOGEN storage diseases, roentgenographic skeletal changes in, 840
GONADS, effects of x-irradiation of immature ham-

sters on growth and development of (ab), 696
Graves's disease, unusual complication: raised intracranial pressure due to premature fusion of skull sutures (ab), 679
Gynecomastia, inhibiting effect of irradiation on, induced by estrogen hormone stimulation: experimental study (ab), 917

Hall, E. Walter, M.D., 1893–1969 (E), 209
Heart complex, hypoplastic right, roentgenologic findings in, 384
disease, congenital, vascular abnormalities of left lower lobe of lung in, 351
disease, ischemic, importance of collateral vessel supply to internal mammary arteries in treatment of, 361
valve replacements, roentgenographic diagnosis of complications in, 392
Heiner's syndrome (ab), 680
Hematoma, duodenal, associated with pancreatitis, radiological signs of (ab), 225
intramural, of sigmoid, 170
splenic, (?hamartoma), angiographic features of organizing, 430
Hemipelvectomy, case of chondrosarcoma with pulmonary and skeletal metastases after, successfully treated with $^{35}$S-sulfate (ab), 459
Hemoglobinuria and hemolysis following angiography (ab), 691
Hemorrhage, angiography of, 181
Hepatic, amebic, abscess, plain film roentgen diagnosis of, 47
venous drainage, anomalous, Budd-Chiari syndrome with: case report (ab), 693
Hepatoma, functional, demonstrated with rose bengal scanning, 51
Hernia, sciatic: report of three cases including two with bilateral ureteral involvement, 791
Hernias, lumbar disk, direct vertebral venography in (ab), 460
Herniation, cerebellar tonsillar, association of, with basilar impression incident to Paget's disease, 535
Hickey Lecture, 1969; value of radiologic-pathologic correlation in education of radiologist, 235
Hip joint, injuries to, in car occupants (ab), 231
natural history of disorders of (ab), 457
Histiocytosis X, pulmonary; review of 18 patients with report of 6 cases, 280
Hydrocephalus, some observations on deep cerebral phlebogram in, due to supra- or subtentorial space-occupying lesions, 595
Hyperplastic cholecystoses; new contribution to unitarian theory, 1
Hypersensitivity and lung, 290
Hypertension, angiographic investigation of, complicating human renal transplantation (ab), 227
portal, in childhood (ab), 692
renovascular, pyelogram urea washout test in evaluation of, 750
renovascular, recurrent: report of two cases with long-term follow-up (ab), 227
Hypochondroplasia: report of five kindreds (ab), 688
Hypoplastic right heart complex, roentgenologic findings in, 384

$^{132}$I, thyroid up-take studies using (ab), 918
ICRU, International Commission on Radiation Units and Measurements, 663
Icterus, selective angiography in tumors of head of pancreas without (ab), 225
Iliofemoral venous thromboembolism, venography in (ab), 914
Iliopsoas hypertrophy, ureteral deviation due to, 756
Image intensifier and television monitor, value of operative cholangiography using (ab), 683
Indium 113m as scanning agent (ab), 695
Inferior lamina, notched; anatomic variant, 511
Infrapancreatic right kidney, 69
Injector for moving table-top angiography of pelvis and lower extremities, 854
Intercostal and bronchial arteriography in nonneoplastic pulmonary disease, 328
International Commission on Radiation Units and Measurements (ICRU), 663
Intestine, small, leiomyosarcoma of, 142
primary lymphomas of, including duodenum; roentgen analysis of twenty-nine cases, 131
stomach, and duodenum, some interesting and unusual manifestations of Crohn's disease ("regional enteritis") of, 86
Intrarenal masses, pancreatic pseudocysts simulating, 65
Iron absorption, site of, in gastrointestinal tract: studied by remote-control intestinal capsule (ab), 694
Irradiation, inhibiting effect of, on gynecomastia induced by estrogen hormone stimulation: experimental study (ab), 817
post-operative, in treatment of renal cell carcinoma (ab), 916
Isotope imaging, angiopneumography and differential bronchospirometry, comparative evaluation of pulmonary function by (ab), 694

Juvenile fascial fibromatosis of forearm with osseous involvement: report of case (ab), 230
rheumatoid arthritis, spinal cord lesions in (ab), 228

Kidney, right, infrapancreatic, 69
transplantation, prolonged survival after: report of case five years after transplantation from unrelated donor (ab), 226
Kidney's, normal, reaction to intravenous pyelography, 746

Lamina, notched inferior; anatomic variant, 511
Leg, unilateral, edema, migraine, and methysergide: clinical presentation of retroperitoneal fibrosis (ab), 226
Leiomyoma, pulmonary, 823
Leiomyosarcoma of small intestine, 142
Lipomatous invasion of spinal cord associated with spinal dysraphism: myelographic evaluation, 479
Liver, filling defects on scintillation scans of, associated with dilatation of bile ducts, 37
scans, pseudoabnormal, secondary to residual barium in bowel, 54
Lumbar disk hernias, direct vertebral venography in (ab), 460
injuries, patterns and mechanisms of, associated with lap seat belts (ab), 231
Lung and hypersensitivity, 290
disease, chronic obstructive, use of scintillation Anger camera and xenon 133 in study of (ab), 919
"muscular cirrhosis of," (diffuse bronchiolectasis with muscular hyperplasia), with their advanced final stages as; interstitial pneumonia and idiopathic diffuse pulmonary fibrosis; fibrosing alveolitis, 258
nitrofurantoin, disease; clues to pathogenesis, 818
preclinical and asymptomatic cancer of, radiographic detection of (E), 440
scanning in assessment of respiratory disease in children, 313
scintigraphy (preliminary results) (ab), 693
vascular abnormalities of left lower lobe of, in congenital heart disease, 351
Lungs, uneven distribution of pulmonary blood flow between left and right, in isolated valvular pulmonary stenosis, 343
Lymphangioma, multiple, of bone, chylopericardium with (ab), 916
Lymphatic cannulation, improved technique of, for lymphography; experience with 300 cases, 877
Lymphography, extralymphatic extravasation of ethiodol during (ab), 916
improved technique of lymphatic cannulation for; experience with 300 cases, 877
Lymphomas, primary of small intestine including duodenum; roentgen analysis of twenty-nine cases, 131

Malabsorption syndromes, roentgenologic-pathologic correlation in, 158
Malignancy, serosal, radiology of (ab), 682
Malignant tumors, primary, of duodenum, roentgenologic findings in; report of 27 cases, 111
Mammary arteries, internal, importance of collateral vessel supply to, in treatment of ischemic heart disease, 361
Marrow, bone, radionuclide imaging of (ab), 694
Masses, intrarenal, pancreatic pseudocysts simulating, 65
intrasellar, interval cavernous sinography in evaluation of, 589
retroperitoneal, carbon dioxide contrast studies in (ab), 686
superior mediastinal, and pericardial effusions, $Tc^{99m}$ pertechnetate angiocardiography in diagnosis of, 404
Mechanically ventilated patients, roentgenologic aspects of primary *Pseudomonas aeruginosa* pneumonia in, 305
Meconium peritonitis, anticipating, from metaphyseal bands (ab), 682
Mediastinal masses, superior, and pericardial effusions, $Tc^{99m}$ pertechnetate angiocardiography in diagnosis of, 404
Mediastinum, neurenteric cyst of, 641
Mesenteritis, retractile, roentgen diagnosis of, 787
Metaphyseal bands, anticipating meconium peritonitis from (ab), 682
Metastases, osseous, of cancer of prostate: frequency of osteolytic forms (ab), 495
pulmonary and skeletal, case of chondrosarcoma with, after hemipelvectomy, successfully treated with $^{35}S$-sulfate (ab), 459
Methylglucamine iothalamate 60 per cent for cerebral ventriculography, 631
Methysergide, unilateral leg edema and migraine: clinical presentation of retroperitoneal fibrosis (ab), 226
Micturition, severe obstructed, micturating urethrography in (ab), 685
Migraine, unilateral leg edema, and methysergide: clinical presentation of retroperitoneal fibrosis (ab), 226
Moving table technique, arteriography of pelvis and lower extremities with, 860
table-top angiography, injector for, of pelvis and lower extremities, 854
Mucosal folds in upper urinary tract, 743
Multiple myeloma proteinuria, Tamm-Horsfall: its relationship to prolonged nephrogram in infants and children and to renal failure following intravenous urography in adults with (ab), 686
"Muscular cirrhosis of lung" (diffuse bronchiolectasis with muscular hyperplasia), with their advanced final stages as; desquamative interstitial pneumonia and idiopathic diffuse pulmonary fibrosis; fibrosing alveolitis, 258
Myelographic evaluation: lipomatous invasion of spinal cord associated with spinal dysraphism, 479
Myelography, cervical air, practical approach to, 486
disappearance of large intracranial deposit of pantopaque twenty years after, 612
in acute cervical injuries; technical note, 491

Neurinomas, acoustic, bone changes in, 652
Neuroradiology: its relationship to other professional radiologic services (E), 660
Nitrofurantoin lung disease; clues to pathogenesis, 818
Nodule, regenerated, and other lumps, bumps, and dromedary humps: renal pseudotumors, 720
Nondiabetic patient, spontaneous pneumopyelogram in, 760

Occipitocervical joint, angiographic study on vertebral artery in cases of deformities of, 526
Osseous dysplasia, rare (ab), 230
involvement, juvenile fascial fibromatosis of forearm with: report of case (ab), 230
Osteoporosis, width of clavicular cortex in (ab), 229
Ovarian teratoma, astrocytoma-containing, in childhood, 647

Pack, George T., M.D., 1898–1969 (E), 443
Paget's disease, association of cerebellar tonsillar herniation with basilar impression incident to, 535
Pancreas, solitary occult retention cysts of (ab), 225
tumors of head of, without icterus, selective angiography in (ab), 225
Pancreatic pseudocysts simulating intrarenal masses, 65
tissue, aberrant, in gastrointestinal tract, importance of roentgenologic diagnosis of, 71
Pancreatitis, acute, x-ray therapy for (ab), 917
angiographic findings in, 56
radiological signs of duodenal hematoma associated with (ab), 225
Pantopaque, disappearance of large intracranial deposit of, twenty years after myelography, 612
Parotid swelling with facial paralysis: complication of intravenous urography (ab), 686
Pelvis and lower extremities, arteriography of, with moving table technique, 860
injector for moving table-top angiography of, 854
Pericardial effusion, diagnosis of, by radioisotopic angiocardiography (ab), 919
Phlebogram, cerebral, deep, some observations on, in hydrocephalus due to supra- or subtentorial space-occupying lesions, 595
Plasma and urine, rapid method of determining $^{35}SO_4$ in (ab), 919
Pneumoangiogram; anatomic correlation in living subject, 622
Pneumonia, colon bacillus: complication of lesser sac abscess, 300
desquamative interstitial, and idiopathic diffuse pulmonary fibrosis; with their advanced final stages as "muscular cirrhosis of lung" (diffuse bronchiolectasis with muscular hyperplasia); fibrosing alveolitis, 258
primary *Pseudomonas aeruginosa*, roentgenologic aspects of, in mechanically ventilated patients, 305
Pneumopyelogram, spontaneous, in nondiabetic patient, 760
Polaroid radiography, value of, today—reappraisal, 881
Polyarthritis, rheumatoid, chronic, radiologic signs of shoulder involvement in, (149 cases) (ab), 229
Post-herniorraphy, pseudotumoral, deformity, 81
President's address; "In union there is strength," 699
Prostate, osseous metastases of cancer of: frequency of osteolytic forms (ab), 495
Prostatography, transrectal: its use in prostatic hypertrophy, 796
Pseudocysts, pancreatic, simulating intrarenal masses, 65
*Pseudomonas aeruginosa* pneumonia, primary, roentgenologic aspects of, in mechanically ventilated patients, 305
Pseudotumoral post-herniorrhaphy deformity, 81
Pseudotumors, renal: regenerated nodule and other lumps, bumps, and dromedary humps, 720
Pterygopalatine fossa and canal, 520
Pulmonary and skeletal metastases, case of chondrosarcoma with, after hemipelvectomy, successfully treated with $^{35}S$-sulfate (ab), 459
blood flow, uneven distribution of, between left and right lungs in isolated valvular pulmonary stenosis, 343
disease, non-neoplastic, bronchial and intercostal arteriography in, 328
dysmaturity syndrome, Wilson-Mikity syndrome (ab), 681
edema, production of, by aspiration of water-soluble nonabsorbable contrast media (ab), 681
fibrosis, idiopathic diffuse, and desquamative interstitial pneumonia; with their advanced final stages as "muscular cirrhosis of lung" (diffuse bronchiolectasis with muscular hyperplasia); fibrosing alveolitis, 258
function, comparative evaluation of, by isotope imaging, angiopneumography and differential bronchospirometry (ab), 694
histiocytosis X; review of 18 patients with report of 6 cases, 280
leiomyoma, 823
Pyelogram urea washout test in evaluation of renovascular hypertension, 750
Pyelography, intravenous, normal kidney's reaction to, 746

Pyelonephritis, xanthogranulomatous, and perirenal xanthogranuloma (ab), 228

Radiation treatment, supervoltage, in advanced cancer of uterine cervix: preliminary report (ab), 916
Radiographic and angiocardiographic study, persistent truncus arteriosus, 827
Radiologist, value of radiologic-pathologic correlation in education of: Hickey Lecture, 1969, 235
Radionuclide imaging of bone marrow (ab), 694
Regional enteritis, some interesting and unusual manifestations of Crohn's disease, of stomach, duodenum and small intestine, 86
Renal arteriovenous fistulas, traumatic, spontaneous closure of, 730
calcification, ring-shaped, significance of (ab), 684
cell carcinoma, post-operative irradiation in treatment of (ab), 916
cell carcinoma, "ring-like" or "rim-like" calcification in, 737
pseudotumors: regenerated nodule and other lumps, bumps, and dromedary humps, 720
transplantation, human, angiographic investigation of hypertension complicating (ab), 227
vascularity in dog, angiographic study of effect of arfonad on, 711
vein thrombosis with spontaneous return of function (ab), 684
Renovascular hypertension, pyelogram urea washout test in evaluation of, 750
recurrent: report of two cases with long-term follow-up (ab), 227
Respiratory disease, lung scanning in assessment of, in children, 313
Retroperitoneal fibrosis: extraretroperitoneal lesions; report of three unusual areas of involvement, 776
Rheumatoid arthritis, juvenile, spinal cord lesions in (ab), 228
polyarthritis, chronic, radiologic signs of shoulder involvement in (149 cases) (ab), 229
Rose bengal scanning, functional hepatoma demonstrated with, 51

$^{35}SO_4$, rapid method of determining, in plasma and urine (ab), 919
$^{35}$S-sulfate, case of chondrosarcoma with pulmonary and skeletal metastases after hemipelvectomy, successfully treated with (ab), 459
Sacral agenesis (ab), 689
Scanning agent, indium 113m as (ab), 695
lung, in assessment of respiratory disease in children, 313
rose bengal, functional hepatoma demonstrated with, 51
strontium 85, of suspected bone disease (ab), 695
Scans, pseudoabnormal liver, secondary to residual barium in bowel, 54
scintillation, of liver, filling defects on, associated with dilatation of bile ducts, 37
Sciatic hernia: report of three cases including two with bilateral ureteral involvement, 791
Scientific exhibits, 893
Scintigraphy, lung (preliminary results) (ab), 693
Scintillation scans of liver, filling defects on, associated with dilatation of bile ducts, 37
Scoliosis, idiopathic, long-term follow-up of patients with, not treated surgically (ab), 458
Seatbelt injury: injury of abdominal aorta (ab), 692
Seatbelts, lap, patterns and mechanisms of lumbar injuries associated with (ab), 231
Septal, large atrial, defects, normal chest roentgenogram in presence of, 322
Serum thyroxine, comparison of radioisotopic and column chromatographic assay of (ab), 918
Seventieth Annual Meeting of American Roentgen Ray Society (E), 885
Shoulder involvement, radiographic signs of, in chronic rheumatoid polyarthritis (149 cases) (ab), 229
Shunt, external arteriovenous, management, angiographic evaluation in, 434
Sickle cell disease; roentgenologic manifestations of urinary tract abnormalities in adults, 702
Sigmoid, intramural hematoma of, 170
septum; variation in contour of left ventricular outlet, 366
Silver's syndrome, low birthweight dwarfism with asymmetry: treatment with human growth hormone (ab), 688
Sinography, interval cavernous, in evaluation of intrasellar masses, 589
Sinus, superior sagittal, and cerebral veins, spontaneous aseptic thrombosis of, 579
tracts and fistulae, roentgenologic demonstration of, 812
Skeletal and pulmonary metastases, case of chondrosarcoma with, after hemipelvectomy, successfully treated with $^{35}$S-sulfate (ab), 459
changes in Cushing's syndrome and results of intrahypophyseal implantation of $Y^{90}$ (ab), 458
changes, roentgenographic, in glycogen storage diseases, 840
Spinal cord, arteriography of, 461
cord, intramedullary astrocytomas of: clinical and radiological aspects (ab), 687
cord lesions in juvenile rheumatoid arthritis (ab), 228
cord, laceration of, related to breech delivery (ab), 687
cord, lipomatous invasion of, associated with

spinal dysraphism: myelographic evaluation, 479
malformations, contribution to diagnosis of: radiologic study of vertebral column *in utero* (ab), 226
Spine, cervical, significance of "occult" fractures of, 493
Spleen, occult rupture of (ab), 684
Splenic hematoma (?hamartoma), angiographic features of organizing, 430
Stenosis, isolated valvular pulmonary, uneven distribution of pulmonary blood flow between left and right lungs in, 343
Stomach, acute dilatation and spontaneous rupture of (ab), 681
diverticulum of greater curvature of; roentgenologic curiosity, 102
duodenum and small intestine, some interesting and unusual manifestations of Crohn's disease ("regional enteritis") of, 86
Strength, *in union there is*; President's address, 699
Streptokinase, treatment of chronic arterial occlusions with (ab), 460
treatment of deep-vein thrombosis with (ab), 915
Strontium 85 scanning of suspected bone disease (ab), 695
Sylvian vein, superficial, in normal and pathologic cerebral angiography, 565
Syndrome, absent cervical pedicle; case in childhood, 505
Budd-Chiari, with anomalous hepatic venous drainage: case report (ab), 693
Cushing's, skeletal changes in, and results of hypophyseal implantation of $Y^{90}$ (ab), 458
Heiner's (ab), 680
Silver's, low birthweight dwarfism with asymmetry: treatment with human growth hormone (ab), 688
Wilson-Mikity, (pulmonary dysmaturity syndrome) (ab), 681
Syndromes, malabsorption, roentgenologic-pathologic correlation in, 158
Syphilis, osseous, congenital (ab), 229

$Tc^{99m}$ pertechnetate angiocardiography in diagnosis of superior mediastinal masses and pericardial effusions, 404
Tamm-Horsfall proteinuria: its relationship to prolonged nephrogram in infants and children and to renal failure following intravenous urography in adults with multiple myeloma (ab), 686
Tarsal coalition: clinical significance and roentgenographic demonstration (ab), 689
Technical exhibits, 906
Teflon sleeve technique; complete translumbar aortography, 835
Television monitor and image intensifier, value of operative cholangiography using (ab), 683
Theory, unitarian, new contributions to; hyperplastic cholecystoses, 1
Thermography (ab), 696
Thoracic aortography and angiocardiography, clinical experience with new type of contrast medium in, 848
Thromboembolism, iliofemoral venous, venography in (ab), 914
Thrombosis, deep-vein, treatment of, with streptokinase (ab), 915
renal vein, with spontaneous return of function (ab), 684
spontaneous aseptic, of superior sagittal sinus and cerebral veins, 579
Thyroid, angiographic diagnosis of benign and malignant tumors of (ab), 679
up-take studies using $^{132}I$ (ab), 918
Transplantation, human renal, angiographic investigation of hypertension complicating (ab), 227
kidney, prolonged survival after: report of case five years after transplantation from unrelated donor (ab), 226
Truncus arteriosus, persistent: radiographic and angiocardiographic study, 827
Tumors, angiographic diagnosis of benign and malignant, of thyroid (ab), 679
detection of, in soft tissues by ultrasonic holography (ab), 920
fourth ventricle, angiographic features of, with special reference to posterior inferior cerebellar artery, 543
of head of pancreas without icterus, selective angiography in (ab), 225
primary malignant, of duodenum, roentgenologic findings in report of 27 cases, 111
primary, of duodenal bulb, 105

Ultrasonic holography, detection of tumors in soft tissues by (ab), 920
Ultrasound, A-mode, some observations on practical uses of, 198
Unitarian theory, new contribution to; hyperplastic cholecystoses, 1
Urea washout test, pyelogram, in evaluation of renovacular hypertension, 750
Ureter, roentgenographic diagnosis of obstructive lesions of (ab), 685
Ureteral, bilateral, involvement, report of three cases including two with; sciatic hernia, 791
deviation due to iliopsoas hypertrophy, 756
Urethrography, micturating, in severe obstructed micturition (ab), 685
Urinary tract abnormalities in adults, roentgenologic manifestations of; sickle cell disease, 702
upper, mucosal folds in, 743
Urine and plasma, rapid method of determining $^{35}SO_4$ in (ab), 919
Urographic contrast media, opacification of gall-

bladder by; reflection of alternate excretory pathway, 763
Urography, acute: method for general use (ab), 228
intravenous, complication of: parotid swelling with facial paralysis (ab), 686
Uterine cervix, advanced cancer of, supervoltage radiation treatment in: preliminary report (ab), 916

Valve replacements, heart, roentgenographic diagnosis of complications in, 392
Varices, carcinoma of esophagus simulating; case report, 83
esophageal, erection and detumescence of, 77
Vascular abnormalities of left lower lobe of lung in congenital heart disease, 351
communications, abnormal, 413
Venography, direct vertebral, in lumbar disk hernias (ab), 460
in iliofemoral venous thromboembolism (ab), 914
Ventricle tumors, fourth, angiographic features of, with special reference to posterior inferior cerebellar artery, 543
Ventricular outlet, left, variation in contour of; "sigmoid septum," 366
Ventriculography, cerebral, methylglucamine iothalamate 60 per cent for, 631
Vertebral artery, angiographic study on, in cases of deformities of occipitocervical joint, 526
column *in utero*, radiologic study of: contribution of diagnosis of spinal malformations (ab), 226
venography, direct, in lumbar disk hernias (ab), 460

Wilson-Mikity syndrome (pulmonary dysmaturity syndrome) (ab), 681
Wire guide and technique for Cantor tube insertion; rapid small bowel intubation, 150

$Y^{90}$, skeletal changes in Cushing's syndrome and results of intrahypophyseal implantation of (ab), 458

Xanthogranulomatous pyelonephritis and perirenal xanthogranuloma (ab), 228
Xenon 133 and scintillation Anger camera, use of, in study of chronic obstructive lung disease (ab), 919
X-irradiation, effects of, of immature hamsters on growth and development of gonads (ab), 696
X-ray therapy for acute pancreatitis (ab), 917

# CONTENTS OF VOLUME 107

SEPTEMBER, 1969, NUMBER 1

Hyperplastic Cholecystoses; A New Contribution to the Unitarian Theory. *José R. Aguirre, M.D., Roberto O. Boher, M.D., and Samira Guraieb, M.D.* ..... 1
Intravenous Cholangiotomography with Bilivistan; Report on a New Contrast Medium for the Visualization of the Extrabiliary System. *A. F. Govoni, M.D., and A. Toti, M.D.* ..... 14
Gallbladder Visualization Following the Injection of Diatrizoate. *Hervey D. Segall, M.D.* ..... 21
Potentiated Intravenous Cholangiotomography. *A. F. Govoni, M.D., A. Biolcati-Rinaldi, M.D., and A. Toti, M.D.* ..... 27
Filling Defects on Scintillation Scans of the Liver Associated with Dilatation of the Bile Ducts. *Stephen L. Gammill, M.D., William S. Maxfield, M.D., Robert G. Font, M.D., and Robert D. Sparks, M.D.* ..... 37
Preoperative Diagnosis of Common Bile Duct Entering a Duodenal Diverticulum; A Case Report. *S. Boyd Eaton, M.D., Raymond A. Berke, M.D., and Allan F. White, M.D.* ..... 43
Plain Film Roentgen Diagnosis of Amebic Hepatic Abscess. *Allan G. Schmidt, M.D.* ..... 47
Functional Hepatoma Demonstrated with Rose Bengal Scanning. *Jon D. Shoop, M.D.* ..... 51
Pseudoabnormal Liver Scans Secondary to Residual Barium in the Bowel. *E. Quitman Seymour, M.D., S. E. Puckette, Jr., M.D., and Jean Edwards, R.T.* ..... 54
Angiographic Findings in Pancreatitis. *Stewart R. Reuter, M.D., Helen C. Redman, M.D., and Ramon R. Joseph, M.D.* ..... 56
Pancreatic Pseudocysts Simulating Intrarenal Masses. *James L. Gorder, M.D., and Frederick L. Stargardter, M.D.* ..... 65
Infrapancreatic Right Kidney. *M. Wendell Dietz, M.D.* ..... 69
The Importance of Roentgenologic Diagnosis of Aberrant Pancreatic Tissue in the Gastrointestinal Tract. *Eberhard F. Besemann, M.D., Stewart H. Auerbach, M.D., and Walter W. Wolfe, M.D.* ..... 71
The Erection and Detumescence of Esophageal Varices. *Leslie Preger, M.B., Frank E. Maddison, M.D., Gilbert Won, M.D., and Lloyd Brandborg, M.D.* ..... 77
Pseudotumoral Post-herniorrhaphy Deformity. *M. Wendell Dietz, M.D.* ..... 81
Carcinoma of the Esophagus Simulating Varices; A Case Report. *Thomas L. Lawson, M.D., Wylie J. Dodds, M.D., and Douglas J. Sheft, M.D.* ..... 83
Some Interesting and Unusual Manifestations of Crohn's Disease ("Regional Enteritis") of the Stomach, Duodenum and Small Intestine. *Sidney W. Nelson, M.D.* ..... 86
Diverticulum of the Greater Curvature of the Stomach: A Roentgenologic Curiosity. *Gerald D. Dodd, M.D., and Douglas Sheft, M.D.* ..... 102
Primary Tumors of the Duodenal Bulb. *George Stassa, M.D., and William C. Klingensmith III, M.D.* ..... 105
Roentgenologic Findings in Primary Malignant Tumors of the Duodenum; Report of 27 Cases. *George Bosse, M.D., and Jo Ann Neely, M.D.* ..... 111
"Tubeless" Hypotonic Duodenography: Technique, Value and Limitations. *William Martel, M.D., Paul A. Scholtens, M.D., and Lily W. Lim, M.D.* ..... 119
Primary Lymphomas of the Small Intestine Including the Duodenum; A Roentgen Analysis of Twenty-nine Cases. *Jirayr P. Balikian, M.D., Nabil T. Nassar, M.D., Munir H. Shamma'a, M.D., and Munib J. Shahid, M.D.* ..... 131
Leiomyosarcoma of the Small Intestine. *Wylie J. Dodds, M.D., Henry I. Goldberg, M.D., and Alexander R. Margulis, M.D.* ..... 142
Wire Guide and Technique for Cantor Tube Insertion; Rapid Small Bowel Intubation. *E. Nicholas Sargent, M.D., and Harvey I. Meyers, M.D.* ..... 150
Retroperitoneal Encapsulation of Small Bowel; A Case Report. *Ross A. Shaw, M.D., Saul A. Rosenblum, M.D., and William R. Eyler, M.D.* ..... 156
Roentgenologic Pathologic Correlation in Malabsorption Syndromes. *Robert G. Isbell, M.D., Harley C. Carlson, M.D., and Harry N. Hoffman II, M.D.* ..... 158
Intramural Hematoma of the Sigmoid. *Leonid Calenoff, M.D., and Franklin Lounsbury, M.D.* ..... 170
Cloacogenic Carcinoma. *Morton G. Glickman, M.D., and Alexander R. Margulis, M.D.* ..... 175
The Angiography of Hemorrhage. *Richard D. Kittredge, M.D., William M. Colaiace, M.D., Virginia Kanick, M.D., and Nathaniel Finby, M.D.* ..... 181
Angiographic Changes During Digestion. *Allan Lunderquist, M.D., Anders Lunderquist, M.D., and Niels Nommesen, M.D.* ..... 191
Some Observations on the Practical Uses of A-Mode Ultrasound. *Barry B. Goldberg, M.D., and J. Stauffer Lehman, M.D.* ..... 198

Officers ... 206
Editorials
On the Adverse Reactions to Contrast Media, and Their Incidence. *William H. Shehadi, M.D.* ... 207
E. Walter Hall, M.D., 1893–1969. *Traian Leucutia, M.D.* ... 209
News Items ... 212
Book Reviews ... 215
Books Received ... 216
Society Porceedings ... 218
Abstracts of Radiological Literature ... 224

OCTOBER, 1969, NUMBER 2

The Value of Radiologic-Pathologic Correlation in the education of the Radiologist; Hickey Lecture, 1969. *Elias G. Theros, M.D.* ... 235
Desquamative Interstitial Pneumonia and Idiopathic Diffuse Pulmonary Fibrosis; with Their Advanced Final Stages as "Muscular Cirrhosis of the Lung" (Diffuse Bronchiolectasis with Muscular Hyperplasia); Fibrosing Alveolitis. *Hans Kuisk, M.D., and Jose S. Sanchez, M.D.* ... 258
Pulmonary Histiocytosis X; a Review of 18 Patients with Reports of 6 Cases. *William N. Weber, M.D., Frederick R. Margolin, M.D., and Surl L. Nielsen, M.D.* ... 280
Hypersensitivity and the Lung. *Seymour Fiske Ochsner, M.D., Hurst B. Hatch, M.D., and George L. Leonard, M.D.* ... 290
Colon Bacillus Pneumonia: A Complication of Lesser Sac Abscess. *David Faegenburg, M.D., Raymond L. Saperstein, M.D., Harold Chiat, M.D., and Abdallah Mishrick, M.D.* ... 300
Roentgenologic Aspects of Primary Pseudomonas Aeruginosa Pneumonia in Mechanically Ventilated Patients. *Norman Joffe, M.B.* ... 305
Lung Scanning in the Assessment of Respiratory Disease in Children. *Ben C. Pendarvis, M.D., and Leonard E. Swischuk, M.D.* ... 313
The Normal Chest Roentgenogram in the Presence of Large Atrial Septal Defects. *Harold A. Baltaxe, M.D., and Kurt Amplatz, M.D.* ... 322
Bronchial and Intercostal Arteriography in Non-neoplastic Pulmonary Disease. *Luceil B. North, M.D., S. F. Boushy, M.D., and Vernon N. Houk, M.D.* ... 328
Uneven Distribution of Pulmonary Blood Flow Between Left and Right Lungs in Isolated Valvular Pulmonary Stenosis. *James T. T. Chen, M.D., Arvin E. Robinson, M.D., Jack K. Goodrich, M.D., and Richard G. Lester, M.D.* ... 343
Vascular Abnormalities of the Left Lower Lobe of the Lung in Congenital Heart Disease. *A. Castellanos, M.D., and F. A. Hernandez, M.D.* ... 351
Importance of Collateral Vessel Supply to Internal Mammary Arteries in the Treatment of Ischemic Heart Disease. *Elliott O. Lipchik, M.D., Garry D. Roghair, M.D., Arthur J. Moss, M.D., and Robert J. Rivers, Jr., M.D.* ... 361
The "Sigmoid Septum"; Variation in the Contour of the Left Ventricular Outlet. *Daniel Goor, M.D., C. Walton Lillehei, M.D., and Jesse E. Edwards, M.D.* ... 366
Selective Coronary Arteriography by the Percutaneous Femoral Artery Approach. *Martial G. Bourassa, M.D., Jacques Lespérance, M.D., and Lucien Campeau, M.D.* ... 377
The Roentgenologic Findings in Hypoplastic Right Heart Complex. *George H. Khoury, M.D., and C. H. (Joseph) Chang, M.D.* ... 384
Roentgenographic Diagnosis of Complications in Heart Valve Replacements. *Richard D. Kittredge, M.D., and Colin W. McCord, M.D.* ... 392
Aneurysm of the Ascending Aorta Simulating Right Atrial Dilatation. *Steven H. Cornell, M.D.* ... 400
$Tc^{99m}$ Pertechnetate Angiocardiography in the Diagnosis of Superior Mediastinal Masses and Pericardial Effusions. *Frederick J. Bonte, M.D., Edward E. Christensen, M.D., and Thomas S. Curry III, M.D.* ... 404
Abnormal Vascular Communications. *Richard L. Clark, M.D., Maj. David B. Goldenberg, and James V. Blazek, M.D.* ... 413
The Angiographic Features of Organizing Splenic Hematoma (?Hamartoma). *J. C. Graham, Jr., W. A. Weidner, and M. Vinik* ... 430
Angiographic Evaluation in External Arteriovenous Shunt Management. *Robert H. Smalley, M.D., Eugene L. Klingler, Jr., M.D., and William R. Blakeley, M.D.* ... 434
Officers ... 439
Editorials
Radiographic Detection of Preclinical and Asymptomatic Cancer of the Lung. *Robert N. Cooley, M.D.* ... 440

George T. Pack, M.D., 1898–1969. *Irving M. Ariel, M.D.* ... 443
News Items ... 447
Book Review ... 448
Books Received ... 448
Society Proceedings ... 450
Abstracts of Radiological Literature ... 456

NOVEMBER, 1969, NUMBER 3

Arteriography of the Spinal Cord. *René Djindjian* ... 461
Lipomatous Invasion of the Spinal Cord Associated with Spinal Dysraphism: Myelographic Evaluation. *Lawrence H. A. Gold, M.D., Stephen A. Kieffer, M.D., and Harold O. Peterson, M.D.* ... 479
A Practical Approach to Cervical Air Myelography. *Lawrence E. Southworth, M.D., John P. Jimenez, M.D., and John A. Goree, M.D.* ... 486
Myelography in Acute Cervical Injuries; Technical Note. *Julius M. Goodman, M.D.* ... 491
The Significance of "Occult" Fractures of the Cervical Spine. *Frederick S. Vines, M.D.* ... 493
The Absent Cervical Pedicle Syndrome: A Case in Childhood. *Alan E. Oestreich, M.D., and Lionel W. Young, M.D.* ... 505
The Notched Inferior Lamina; An Anatomic Variant. *Ronald D. Harris, M.D., and Harvey L. Hecht, M.D.* ... 511
The So-Called Condyloid Foramen in the Half Axial View. *J. C. Gathier, M.D., and G. W. Bruyn, M.D.* ... 515
The Pterygopalatine Fossa and Canal. *Guy D. Potter, M.D.* ... 520
Angiographic Study on the Vertebral Artery in Cases of Deformities of the Occipitocervical Joint. *F. P. Bernini, M.D., R. Elefante, M.D., F. Smaltino, M.D., and G. Tedeschi, M.D.* ... 526
Ulcerated Atheroma of the Carotid Artery: Arteriographic Appearance. *Frank E. Maddison, M.D., and Wesley S. Moore, M.D.* ... 530
The Association of Cerebellar Tonsillar Herniation with Basilar Impression Incident to Paget's Disease. *Bernard S. Epstein, M.D., and Joseph A. Epstein, M.D.* ... 535
Angiographic Features of Fourth Ventricle Tumors with Special Reference to the Posterior Inferior Cerebellar Artery. *Yun Peng Huang, M.D., and Bernard S. Wolf, M.D.* ... 543
The Superficial Sylvian Vein in Normal and Pathologic Cerebral Angiography. *F. Galligioni, M.D., R. Bernardi, M.D., M. Pellone, M.D., and G. Iraci, M.D.* ... 565
Spontaneous Aseptic Thrombosis of the Superior Sagittal Sinus and Cerebral Veins. *Trygve O. Gabrielsen, M.D., and E. Ralph Heinz, M.D.* ... 579
Interval Cavernous Sinography in the Evaluation of Intrasellar Masses. *J. Bruce Jacobs, M.D., and Nicholas E. Grivas, M.D.* ... 589
Some Observations on the Deep Cerebral Phlebogram in Hydrocephalus Due to Supra- or Subtentorial Space-Occupying Lesions. *F. Galligioni, M.D., R. Bernardi, M.D., M. Pellone, M.D., and G. Iraci, M.D.* ... 595
The Disappearance of a Large Intracranial Deposit of Pantopaque Twenty Years After Myelography. *B. W. McKee, M.D., R. Ethier, M.D., J. L. Vezina, M.D., and D. Melancon, M.D.* ... 612
Serial Direct Magnification Cerebral Angiography; Theoretical Aspects. *John Hale, Ph.D., and Mark M. Mishkin, M.D.* ... 616
The Pneumoangiogram; An Anatomic Correlation in the Living Subject. *Lawrence M. Rosen, M.D., Jack I. Eisenman, M.D., and Bernard J. O'Loughlin, M.D.* ... 622
Appraisal of Current Techniques for Cerebral Angiography. *Vincent C. Hinck, M.D., and Charles T. Dotter, M.D.* ... 626
Methylglucamine Iothalamate 60 Per Cent for Cerebral Ventriculography. *Jyoji Handa, M.D., and Hajime Handa, M.D.* ... 631
Clinical Experience with a New Type of Contrast Medium in Carotid Arteriography. *Lars Björk, Uno Erikson and Björn Ingelman* ... 637
Neurenteric Cyst of the Mediastinum. *Edwin S. Wilson, Jr., Major, MC* ... 641
Astrocytoma-Containing Ovarian Teratoma in Childhood. *Norbert Berger, M.D., and Rubem Pochaczevsky, M.D.* ... 647
Bone Changes in Acoustic Neurinomas. *Marc S. Lapayowker, M.D., and May M. Cliff, M.D.* ... 652
Officers ... 659
Editorial
Neuroradiology: Its Relationship to Other Professional Radiologic Services. *Colin B. Holman, M.D.* ... 660
International Commission on Radiation Units and Measurements (ICRU) ... 663
News Items ... 664
Book Review ... 668

Books Received ..... 668
Society Proceedings ..... 670
Statement of Ownership ..... 676
Abstracts of Radiological Literature ..... 677

DECEMBER, 1969, NUMBER 4

"In Union There Is Strength;" The President's Address. *James C. Cook, M.D.* ..... 699
Sickle Cell Disease; The Roentgenologic Manifestations of Urinary Tract Abnormalities in Adults. *S. I. Margulies, M.D., and Sanford D. Minkin, M.D.* ..... 702
Angiographic Study of the Effect of Arfonad on Renal Vascularity in the Dog. *Milton Elkin, M.D., and Chien-Hsing Meng, M.D.* ..... 711
Renal Pseudotumors: The Regenerated Nodule and Other Lumps, Bumps, and Dromedary Humps. *Benjamin Felson, M.D., and Myron Moskowitz, M.D.* ..... 720
Spontaneous Closure of Traumatic Renal Arteriovenous Fistulas. *M. Halpern, M.D.* ..... 730
"Ring-Like" or "Rim-Like" Calcification in Renal Cell Carcinoma. *Kaz Kikkawa, M.D., and Elliott C. Lasser, M.D.* ..... 737
Mucosal Folds in the Upper Urinary Tract. *T. Giffin Daughtridge, M.D.* ..... 743
The Normal Kidney's Reaction to Intravenous Pyelography. *Richard Arkless, M.D.* ..... 746
The Pyelogram Urea Washout Test in the Evaluation of Renovascular Hypertension. *August R. Remmers, Jr., M.D., Melvyn H. Schreiber, M.D., Garland H. Smith, M.D., Carlos O. Canales, M.D., and Harry E. Sarles, M.D.* ..... 750
Ureteral Deviation Due to Iliopsoas Hypertrophy. *Richard B. Levine, M.D., Deborah Forrester, M.D., and Mordecai Halpern, M.D.* ..... 756
Spontaneous Pneumopyelogram in a Non-Diabetic Patient. *Kolar N. Seshanarayana, M.D., and Theodore E. Keats, M.D.* ..... 760
Opacification of the Gallbladder by Urographic Contrast Media; Reflection of an Alternate Excretory Pathway. *Thomas E. Shea, M.D., and Richard C. Pfister, M.D.* ..... 763
Double Contrast Gas Barium Cystography in the Assessment of Diverticula of the Bladder. *Erich K. Lang, M.D.* ..... 769
Retroperitoneal Fibrosis: Extraretroperitoneal Lesions; Report of Three Unusual Areas of Involvement. *Samuel L. Hissong, M.D., and Atis K. Freimanis, M.D.* ..... 776
The Roentgen Diagnosis of Retractile Mesenteritis. *Arthur R. Clemett, M.D., and Diane G. Tracht, M.D.* 787
Sciatic Hernia: Report of Three Cases Including Two with Bilateral Ureteral Involvement. *Edmund A. Franken, Jr., M.D., and Everett E. Smith, M.D.* ..... 791
Transrectal Prostatography: Its Use in Prostatic Hypertrophy. *Hajime Sugiura, M.D., and Susumu Hasegawa, M.D.* ..... 796
Percutaneous Selective Arteriography in Abdominal Emergencies. *William H. Green, M.D., Alexander I. Kernish, M.D., and George T. Wohl, M.D.* ..... 803
Roentgenologic Demonstration of Sinus Tracts and Fistulae. *Wallace T. Miller, M.D., and Michael A. Sullivan, M.D.* ..... 812
Nitrofurantoin Lung Disease; Clues to Pathogenesis. *Michael A. Glueck, M.D., and Murray L. Janower, M.D.* ..... 818
Pulmonary Leiomyoma. *Major Robert S. Sweet, MC USA* ..... 823
Persistent Truncus Arteriosus: A Radiographic and Angiocardiographic Study. *Franz J. Hallermann, M.D., Owings W. Kincaid, M.D., Anastasios G. Tsakiris, M.D., Donald G. Ritter, M.D., and Jack L. Titus, M.D.* ..... 827
Complete Translumbar Aortography; The Teflon Sleeve Technique. *L. O. Stocks, M.D., M. Halpern, M.D., and A. F. Turner, M.D.* ..... 835
Roentgenographic Skeletal Changes in the Glycogen Storage Diseases. *Leslie Preger, M.B., George W. Sanders, B.S., Richard H. Gold, M.D., Howard L. Steinbach, M.D., and Pauline Pitman, R.N.* ..... 840
Clinical Experience with a New Type of Contrast Medium in Angiocardiography and Thoracic Aortography. *Lars Björk, Uno Erikson and Björn Ingelman* ..... 848
Injector for Moving Table-Top Angiography of Pelvis and Lower Extremities. *Paul C. Hodges, M.D., and Juri V. Kaude, M.D.* ..... 854
Arteriography of the Pelvis and Lower Extremities with Moving Table Technique. *O. Frank Agee, M.D., and Juri Kaude, M.D.* ..... 860
A Device for Simplified Femoral Arteriography. *Luis B. Morettin, M.D., and McClure Wilson M.D.* ... 866
Effect of Contrast Medium on Blood Flow and Blood Pressure in Lower Extremities. *Wolfram Delius and Uno Erikson* ..... 869

Improved Technique of Lymphatic Cannulation for Lymphography; Experience with 300 Cases. *Eddy C. K. Tong, M.D.* ... 877
The Value of Polaroid Radiography Today—A Reappraisal. *Donald W. DePoto, M.D., and Mauvine R. Barnes, M.D.* ... 881
Officers ... 884
Editorials
The Seventieth Annual Meeting of the American Roentgen Ray Society. *Traian Leucutia, M.D.* ... 885
Edwin Charles Ernst, M.D., 1885–1969. *Eugene P. Pendergrass, M.D.* ... 890
